Introduction

Welcome to the UnitedHealthcare **Student**Resources Student Injury and Sickness Insurance Plan. This plan is underwritten by UnitedHealthcare Insurance Company ("the Company").

The school (referred to as the "Policyholder") has purchased a Policy from the Company. The Company will provide the benefits described in this Certificate to Insured Persons, as defined in the Definitions section of this Certificate. This Certificate is not a contract between the Insured Person and the Company. Keep this Certificate with other important papers so that it is available for future reference.

This plan is a preferred provider organization or "PPO" plan. It provides a higher level of coverage when Covered Medical Expenses are received from healthcare providers who are part of the plan's network of "Preferred Providers." The plan also provides coverage when Covered Medical Expenses are obtained from healthcare providers who are not Preferred Providers, known as "Out-of-Network Providers." However, a lower level of coverage may be provided when care is received from Out-of-Network Providers and the Insured Person may be responsible for paying a greater portion of the cost.

To receive the highest level of benefits from the plan, the Insured Person should obtain covered services from Preferred Providers whenever possible. The easiest way to locate Preferred Providers is through the plan's web site at www.firststudent.com. The web site will allow the Insured to easily search for providers by specialty and location.

The Insured may also call the Customer Service Department at 1-800-505-4160, toll free, for assistance in finding a Preferred Provider.

Please feel free to call the Customer Service Department with any questions about the plan. The telephone number is 1-800-505-4160. The Insured can also write to the Company at:

FirstStudent
P.O. Box 809025
Dallas, TX 75380-9025

Section 1: Who Is Covered

The Master Policy covers students and their eligible Dependents who have met the Policy's eligibility requirements (as shown below) and who:

1. Are properly enrolled in the plan, and
2. Pay the required premium.

All eligible students and participants registered at an accredited institution of higher learning are automatically enrolled in this insurance plan unless proof of comparable coverage is furnished. Specific eligibility requirements are set forth in each Institution of Higher Education's insurance plan materials.

Eligible students who do enroll may also insure their Dependents. Eligible Dependents are the student's legal spouse and dependent children under 26 years of age.

The student (Named Insured, as defined in this Certificate) must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study, correspondence, and online courses do not fulfill the eligibility requirements that the student actively attend classes. The Company maintains its right to investigate eligibility or student status and attendance records to verify that the Policy eligibility requirements have been met. If and whenever the Company discovers that the Policy eligibility requirements have not been met, its only obligation is refund of premium.

The eligibility date for Dependents of the Named Insured shall be determined in accordance with the following:

1. If a Named Insured has Dependents on the date he or she is eligible for insurance.
2. If a Named Insured acquires a Dependent after the Effective Date, such Dependent becomes eligible:
 - a. On the date the Named Insured acquires a legal spouse.
 - b. On the date the Named Insured acquires a dependent child who is within the limits of a dependent child set forth in the Definitions section of this Certificate.

Dependent eligibility expires concurrently with that of the Named Insured.

Section 2: Effective and Termination Dates

The Master Policy on file with the Consortium Sponsor (IHECT) becomes effective at 12:01 a.m., July 1, 2020. The Insured Person's coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later.

The Master Policy terminates at 11:59 p.m., September 30, 2021. The Insured Person's coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier. Dependent coverage will not be effective prior to that of the Insured student or extend beyond that of the Insured student.

There is no pro-rata or reduced premium payment for late enrollees. Refunds of premiums are allowed only upon entry into the armed forces.

The Master Policy is a non-renewable one year term insurance policy. The Master Policy will not be renewed.

Section 3: Extension of Benefits after Termination

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Totally Disabled on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 90 days after the Termination Date.

Coverage under the Policy will not apply if the coverage is replaced with a succeeding carrier providing substantially equivalent or greater benefits than those provided by the Policy. For purposes of this section, the terms "Total Disability" and "Totally Disabled" means: 1) with respect to the Insured, the complete inability of the Insured to perform all of the substantial and material duties and functions of his or her occupation and any other gainful occupation in which such person earns substantially the same compensation earned prior to disability, and 2) with respect to the Insured's covered Dependents, confinement as a bed patient in a Hospital.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

After this Extension of Benefits provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

Section 4: Pre-Admission Notification

UnitedHealthcare should be notified of all Hospital Confinements prior to admission.

1. **PRE-ADMISSION NOTIFICATION OF MEDICAL NON-EMERGENCY HOSPITALIZATIONS:** The patient, Physician or Hospital should telephone 1-877-295-0720 at least five working days prior to the planned admission.
2. **PRE-ADMISSION NOTIFICATION OF MEDICAL EMERGENCY ADMISSIONS:** The patient, patient's representative, Physician or Hospital should telephone 1-877-295-0720 within two working days of the admission or as soon as reasonably possible to provide notification of any admission due to Medical Emergency.

UnitedHealthcare is open for Pre-Admission Notification calls from 8:00 a.m. to 6:00 p.m. C.S.T., Monday through Friday. Calls may be left on the Customer Service Department's voice mail after hours by calling 1-877-295-0720.

IMPORTANT: Failure to follow the notification procedures will not affect benefits otherwise payable under the Policy; however, pre-notification is not a guarantee that benefits will be paid.

Section 5: Preferred Provider Information

"Preferred Providers" are the Physicians, Hospitals and other health care providers who have contracted to provide specific medical care at negotiated prices. Preferred Providers in the local school area are:

UnitedHealthcare Choice Plus

The availability of specific providers is subject to change without notice. A list of Preferred Providers is located on the plan's web site at www.firststudent.com. Insureds should always confirm that a Preferred Provider is participating at the time services are required by calling the Company at 1-800-505-4160 and/or by asking the provider when making an appointment for services.

"Preferred Allowance" means the amount a Preferred Provider will accept as payment in full for Covered Medical Expenses.

"Out-of-Network" providers have not agreed to any prearranged fee schedules. Insureds may incur significant out-of-pocket expenses with these providers. Charges in excess of the insurance payment may be the Insured's responsibility. Please see the **Important Notice to Insured** that is below.

"Network Area" means the 50 mile radius around the local school campus the Named Insured is attending.

Regardless of the provider, each Insured is responsible for the payment of their Deductible. The Deductible must be satisfied before benefits are paid. The Company will pay according to the benefit limits in the Schedule of Benefits.

Inpatient Expenses

Preferred Providers – Eligible Inpatient expenses at a Preferred Provider will be paid at the Coinsurance percentages specified in the Schedule of Benefits, up to any limits specified in the Schedule of Benefits. Preferred Hospitals include UnitedHealthcare Choice Plus United Behavioral Health (UBH) facilities. Call 1-800-505-4160 for information about Preferred Hospitals.

Out-of-Network Providers - If Inpatient care is not provided at a Preferred Provider, eligible Inpatient expenses will be paid according to the benefit limits in the Schedule of Benefits.

Outpatient Hospital Expenses

Preferred Providers may discount bills for outpatient Hospital expenses. Benefits are paid according to the Schedule of Benefits. Insureds are responsible for any amounts that exceed the benefits shown in the Schedule, up to the Preferred Allowance.

Professional & Other Expenses

Benefits for Covered Medical Expenses provided by UnitedHealthcare Choice Plus will be paid at the Coinsurance percentages specified in the Schedule of Benefits or up to any limits specified in the Schedule of Benefits. All other providers will be paid according to the benefit limits in the Schedule of Benefits.

Continuity of Care; Termination of Provider Contracts

The Insured has the right to continuity of care while covered under the Policy for a covered Injury or Sickness in the event of termination of a Preferred Provider's participation in the Plan under the following circumstances: 1) the Insured is being treated for a Life Threatening Condition; or 2) the Insured is being treated under Special Circumstances.

"Life Threatening Condition" means a Sickness or Injury for which the likelihood of death is probable unless the course of the Injury or Sickness is interrupted. "Special Circumstances" means a condition regarding which the treating Physician or health care provider reasonably believes that discontinuing care by the treating Physician or health care provider could cause harm to the Insured. Examples of an Insured who has a special circumstance include an Insured with a disability, acute condition, or Life Threatening Condition or an Insured who is past the 24th week of pregnancy.

Benefits will continue to be paid at the negotiated Preferred Provider level of benefits if an Insured whom the Physician or provider is currently treating has Special Circumstances in accordance with the dictates of medical prudence. The Physician or provider shall identify the Special Circumstances and shall: 1) request that the Insured be permitted to continue treatment under the Physician's or providers care; and 2) agree not to seek payment from the Insured of any amount for which the Insured would not be responsible if the Physician or provider were still a Preferred Provider.

All obligations on behalf of the Company for reimbursement at the Preferred Provider level of benefits for the ongoing treatment shall terminate after: 1) the 90th day after the effective date of the termination; or 2) if the Insured has been diagnosed as having a terminal Sickness at the time of termination, the expiration of a nine-month period after the effective date of the termination. If the Insured is past the 24th week of pregnancy at the time of termination, the Company shall continue the Preferred Provider benefits through the delivery of the child, immediate postpartum care and the follow-up checkup within the six-week period after delivery.

Medical Emergency Treatment

In the event of a Medical Emergency and the Insured cannot reasonably reach a Preferred Provider, the Company will pay for the following Medical Emergency services received by an out-of-network provider at the Usual and Customary Rate and at the Preferred Provider level of benefits until the Insured can reasonably be expected to transfer to a Preferred Provider:

1. A medical screening examination or other evaluation required by state or federal law to be provided in the emergency facility of a Hospital that is necessary to determine whether a Medical Emergency condition exists.
2. Necessary Emergency Services, including the treatment and stabilization of a Medical Emergency condition.
3. Services originating in a Hospital emergency facility, including a freestanding emergency medical care facility, following treatment or stabilization of a Medical Emergency condition.
4. Supplies related to the Medical Emergency condition and Emergency Services described above.

The Company will make payment directly to the out-of-network provider. The out-of-network provider is not allowed to bill the Insured person for, and the Insured does not have financial responsibility for, an amount greater than the applicable Copayment, Coinsurance and Deductible for Medical Emergency Treatment as described above.

Important Notice to Insured:

Although services may be or have been provided to an Insured at a health care facility that is a member of the Preferred Provider network, other professional services may be or have been provided at or through the facility by Physicians and other health care practitioners who are not members of the Preferred Provider network. The Insured may be responsible for payment of all or part of the fees for those professional services that are not paid or covered by the Policy unless balance billing for those services is prohibited as specified below.

Out-of-Network Facility-Based Physician

When services are received at a Preferred Provider facility on a non-Medical Emergency basis from an out-of-network facility-based Physician, the Company will pay the out-of-network facility-based Physician for the Covered Medical Expenses incurred at the Usual and Customary Rate. Payment will be made directly to the Physician. The out-of-network facility-based Physician is not allowed to bill the Insured Person for, and the Insured Person does not have financial responsibility for, an amount greater than any applicable Copayment, Coinsurance and Deductible under the Policy. This provision does not apply to a non-Medical Emergency service when the Insured makes an advance written election to receive and the Physician gives advance written disclosure of the Physician's out-of-network status and the projected amounts for which the Insured may be responsible under what circumstances.

Out-of-Network Diagnostic Imaging Provider or Laboratory Service Provider

When diagnostic imaging or laboratory services are performed in conjunction with a service performed by a Preferred Provider, the Company will pay the out-of-network diagnostic imaging provider or laboratory service provider for the Covered Medical Expenses incurred at the Usual and Customary Rate. Payment will be made directly to the provider. The out-of-network diagnostic imaging provider or laboratory service provider is not allowed to bill the Insured Person for, and the Insured Person does not have financial responsibility for, an amount greater than any applicable Copayment, Coinsurance and Deductible under the Policy. This provision does not apply to a non-Medical Emergency service when the Insured makes an advance written election to receive and the provider gives advance written disclosure of the provider's out-of-network status and the projected amounts for which the Insured may be responsible under what circumstances.

If a service is not considered under Medical Emergency Treatment, Out-of-Network Facility-Based Physician or Out-of-Network Diagnostic Imaging Provider or Laboratory Service Provider, and a Preferred Provider is not reasonably available, expenses will be considered at Usual and Customary Charges and at the in-network coinsurance percentage. Any amount over the Usual and Charges will apply to the Preferred Provider Deductible and Out-of-Pocket Maximum upon proof of payment made to the Out-of-Network Provider from the Insured.

- If you believe that the network is inadequate, you may file a complaint with the Texas Department of Insurance.

- If you are treated by a provider or facility that is not a Preferred Provider, you may be billed for anything not paid by the insurer.
- If the amount you owe to: 1) an out-of-network facility-based provider for services received in a network facility; or 2) an out-of-network emergency care provider for a Medical Emergency, including the amount unpaid by the administrator or insurer, is greater than \$500 (not including your Copayment, Coinsurance, and Deductible responsibilities) you may be entitled to have the parties participate in a teleconference, and, if the result is not to

your satisfaction, in a mandatory mediation at no cost to you. You can learn more about mediation at the Texas Department of Insurance website: www.tdi.texas.gov/consumer/cpmmediation.html.

- If directory information is materially inaccurate and you rely on it, you may be entitled to have an out-of-network claim paid at the in-network percentage level of reimbursement and your out-of-pocket expenses counted toward your in-network Deductible and Out-of-Pocket Maximum.

Definitions

1. **Allowable Expenses:** Any health care expense, including Coinsurance, or Copays and without reduction for any applicable Deductible that is covered in full or in part by any of the Plans covering the Insured Person. If a Plan is advised by an Insured Person that all Plans covering the Insured Person are high-deductible health Plans and the Insured Person intends to contribute to a health savings account established in accordance with section 223 of the Internal Revenue Code of 1986, the primary high-deductible health Plan's deductible is not an allowable expense, except for any health care expense incurred that may not be subject to the deductible as described in s 223(c)(2)(C) of the Internal Revenue Code of 1986. If a Plan provides benefits in the form of services, the reasonable cash value of each service is considered an allowable expense and a benefit paid. An expense or service or a portion of an expense or service that is not covered by any of the Plans is not an allowable expense. Any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging an Insured Person is not an allowable expense. Expenses that are not allowable include all of the following.
 - The difference between the cost of a semi-private hospital room and a private hospital room, unless one of the Plans provides coverage for private hospital rooms.
 - For Plans that compute benefit payments on the basis of usual and customary fees or relative value schedule reimbursement or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specified benefit.
 - For Plans that provide benefits or services on the basis of negotiated fees, any amount in excess of the highest of the negotiated fees.
 - If one Plan calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement or other similar reimbursement methodology and another Plan calculates its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, that negotiated fee or payment shall be the allowable expense used by the Secondary Plan to determine its benefits.

The amount of any benefit reduction by the Primary Plan because an Insured Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of Plan provisions include second surgical opinions, precertification of admission, and preferred provider arrangements.

2. **Plan:** A form of coverage with which coordination is allowed.

Plan includes all of the following:

- Group insurance contracts and subscriber contracts.
- Uninsured arrangements of group or group-type coverage.
- Group and individual coverage through closed panel Plans.
- Group-type contracts, including blanket or franchise contracts.
- Individual coverage.
- The medical care components of long-term care contracts, such as skilled nursing care.
- The medical benefits coverage in automobile no fault and traditional automobile fault type contracts.
- Medicare or other governmental benefits, as permitted by law, except for Medicare supplement coverage. That part of the definition of Plan may be limited to the hospital, medical, and surgical benefits of the governmental program.

- Hospital indemnity coverage benefits or other fixed indemnity coverage.
- Accident only coverage.
- Limited benefit health coverage as defined by state law.
- Specified disease or specified accident coverage.

- Benefits provided in long term care insurance policies for non-medical services, for example, personal care, adult day care, homemaker services, assistance with activities of daily living, respite care, and custodial care or for contracts that pay a fixed daily benefit without regard to expenses incurred or the receipt of services.
 - Medicare supplement policies.
 - State Plans under Medicaid.
 - A governmental Plan, which, by law, provides benefits that are in excess of those of any private insurance Plan or other nongovernmental Plan.
3. **Primary Plan:** A Plan whose benefits for a person's health care coverage must be determined without taking the existence of any other Plan into consideration. A Plan is a Primary Plan if: 1) the Plan either has no order of benefit determination rules or its rules differ from those outlined in this Coordination of Benefits Provision; or 2) all Plans that cover the Insured Person use the order of benefit determination rules and under those rules the Plan determines its benefits first.
 4. **Secondary Plan:** A Plan that is not the Primary Plan.
 5. **We, Us or Our:** The Company named in the Policy.

Rules for Coordination of Benefits - When an Insured Person is covered by two or more Plans, the rules for determining the order of benefit payments are outlined below.

The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.

If an Insured is covered by more than one Secondary Plan, the Order of Benefit Determination rules in this provision shall decide the order in which the Secondary Plan's benefits are determined in relation to each other. Each Secondary Plan shall take into consideration the benefits of the Primary Plan or Plans and the benefits of any other Plans, which has its benefits determined before those of that Secondary Plan.

A Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying Plan is primary. This does not apply to coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base Plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel Plan to provide out of network benefits.

If the Primary Plan is a closed panel Plan and the Secondary Plan is not a closed panel Plan, the Secondary Plan shall pay or provide benefits as if it were the Primary Plan when an Insured Person uses a non-panel provider, except for emergency services or authorized referrals that are paid or provided by the Primary Plan.

A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.

Order of Benefit Determination - Each Plan determines its order of benefits using the first of the following rules that apply:

1. **Non-Dependent/Dependent.** The benefits of the Plan which covers the person as an employee, member or subscriber are determined before those of the Plan which covers the person as a Dependent. If the person is a Medicare beneficiary, and, as a result of the provisions of Title XVII of the Social Security Act and implementing regulations, Medicare is both (i) secondary to the Plan covering the person as a dependent; and (ii) primary to the Plan covering the person as other than a dependent, then the order of benefit is reversed. The Plan covering the person as an employee, member, subscriber, policyholder or retiree is the Secondary Plan and the other Plan covering the person as a dependent is the Primary Plan.
2. **Dependent Child/Parents Married or Living Together.** When this Plan and another Plan cover the same child as a Dependent of different persons, called "parents" who are married or are living together whether or not they have ever been married:
 - the benefits of the Plan of the parent whose birthday falls earlier in a year exclusive of year of birth are determined before those of the Plan of the parent whose birthday falls later in that year.
 - However, if both parents have the same birthday, the benefits of the Plan which covered the parent longer are determined before those of the Plan which covered the other parent for a shorter period of time.

3. **Dependent Child/Parents Divorced, Separated or Not Living Together.** If two or more Plans cover a person as a Dependent child of parents who are divorced or separated or are not living together, whether or not they have ever been married, benefits for the child are determined in this order:

If the specific terms of a court decree state that one of the parents is responsible for the health care services or expenses of the child and that Plan has actual knowledge of those terms, that Plan is Primary. If the parent with financial responsibility has no coverage for the child's health care services or expenses, but that parent's spouse does, the spouse's Plan is the Primary Plan. This item shall not apply with respect to any Plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.

If a court decree states that both parents are responsible for the child's health care expenses or coverage, the order of benefit shall be determined in accordance with part (2).

If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or coverage of the child, the order of benefits shall be determined in accordance with the rules in part (2).

If there is no court decree allocating responsibility for the child's health care expenses or coverage, the order of benefits are as follows:

- First, the Plan of the parent with custody of the child.
 - Then the Plan of the spouse of the parent with the custody of the child.
 - The Plan of the parent not having custody of the child.
 - Finally, the Plan of the spouse of the parent not having custody of the child.
4. **Dependent Child/Non-Parental Coverage.** If a Dependent child is covered under more than one Plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, as if those individuals were parents of the child.
5. **Active/Inactive Employee.** The benefits of a Plan which covers a person as an employee who is neither laid off nor retired (or as that employee's Dependent) are determined before those of a Plan which covers that person as a laid off or retired employee (or as that employee's Dependent). If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.
6. **COBRA or State Continuation Coverage.** If a person whose coverage is provided under COBRA or under a right of continuation pursuant to federal or state law also is covered under another Plan, the following shall be the order of benefit determination:
- First, the benefits of a Plan covering the person as an employee, member or subscriber or as that person's Dependent.
 - Second, the benefits under the COBRA or continuation coverage.
 - If the other Plan does not have the rule described here and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.
7. **Longer/Shorter Length of Coverage.** If none of the above rules determines the order of benefits, the benefits of the Plan which covered an employee, member or subscriber longer are determined before those of the Plan which covered that person for the shorter time.

If none of the provisions stated above determine the Primary Plan, the Allowable Expenses shall be shared equally between the Plans.

Effect on Benefits - When Our Plan is secondary, We may reduce Our benefits so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to the Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its Plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.

Right to Recovery and Release of Necessary Information - For the purpose of determining applicability of and implementing the terms of this provision, We may, without further consent or notice, release to or obtain from any other insurance company or organization any information, with respect to any person, necessary for such purposes. Any person

claiming benefits under Our coverage shall give Us the information We need to implement this provision. We will give notice of this exchange of claim and benefit information to the Insured Person when any claim is filed.

Facility of Payment and Recovery - Whenever payments which should have been made under our coverage have been made under any other Plans, We shall have the right to pay over to any organizations that made such other payments, any amounts that are needed in order to satisfy the intent of this provision. Any amounts so paid will be deemed to be benefits paid under Our coverage. To the extent of such payments, We will be fully discharged from Our liability.

Whenever We have made payments with respect to Allowable Expenses in total amount at any time, which are more than the maximum amount of payment needed at that time to satisfy the intent of this provision, We may recover such excess payments. Such excess payments may be received from among one or more of the following, as We determine: any persons to or for or with respect to whom such payments were made, any other insurers, service plans or any other organizations.

Section 14: Notice of Appeal Rights

RIGHT TO INTERNAL APPEAL

Standard Internal Appeal

The Insured Person has the right to request an Internal Appeal if the Insured Person disagrees with the Company's denial, in whole or in part, of a claim or request for benefits. The Insured Person, or the Insured Person's Authorized Representative, must submit an oral or written request for an Internal Appeal within 180 days of receiving a notice of the Company's Adverse Determination.

The oral or written Internal Appeal request should include:

1. A statement specifically requesting an Internal Appeal of the decision;
2. The Insured Person's Name and ID number (from the ID card);
3. The date(s) of service;
4. The provider's name;

With respect to an Adverse Determination involving Utilization Review, the Company shall designate an appropriate clinical peer(s) of the same or similar specialty as would typically manage the case which is the subject of the Adverse Determination. The clinical peer(s) shall not have been involved in the initial Adverse Determination.

Within 3 working days after receipt of the grievance, the Company shall provide notice of receipt of an appeal request and that the Insured Person or Authorized Representative is entitled to:

2. Receive from the Company, upon request and free of charge, reasonable access to and copies of all documents, records and other information relevant to the Insured Person's request for benefits.

The Insured Person or Authorized Representative shall have 10 calendar days to respond to any new or additional evidence or rationale.

Within 10 working days, after an appeal is denied, the appeal may be reviewed by a Physician who is of the same or similar specialty as a health care provider who would typically manage the medical or dental condition, procedure, or treatment under consideration for review when the Insured's treating Physician certifies in writing there is good cause to have the appeal reviewed by a particular type of specialty provider. The specialty review will be completed within 15 working days from the date of request by the Insured's treating Physician for specialty review is received.

Time periods shall be calculated based on the date the Company receives the request for the Internal Review, without regard to whether all of the information necessary to make the determination accompanies the request.

The written notice of Final Adverse Determination for the Internal Review shall include:

1. The titles and qualifying credentials of the reviewers participating in the Internal Review;
2. Information sufficient to identify the claim involved in the grievance, including the following:
 - a. The date of service;

6. The Insured Person's right to bring a civil action in a court of competent jurisdiction; and

7. Notice of the Insured Person's right to contact the commissioner's office or ombudsman's office for assistance with respect to any claim, grievance or appeal at any time.

Expedited Internal Review

For Urgent Care Requests, an Insured Person may submit a request, either orally or in writing, for an Expedited Internal Review (EIR).

An Urgent Care Request means a request for services or treatment where the time period for completing a standard Internal Appeal:

1. Could seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person's ability to regain maximum function; or
2. Would, in the opinion of a Physician with knowledge of the Insured Person's medical condition, subject the Insured Person to severe pain that cannot be adequately managed without the requested health care service or treatment.

To request an Expedited Internal Appeal, please contact Claims Appeals at 888-315-0447. The written request for an Expedited Internal Appeal should be sent to: Claims Appeals, UnitedHealthcare **Student**Resources, PO Box 809025, Dallas, TX 75380-9025.

Expedited Internal Review Process

The Insured Person or an Authorized Representative may submit an oral or written request for an Expedited Internal Review (EIR) of an Adverse Determination:

1. Involving Urgent Care Requests; and
2. Related to a concurrent review Urgent Care Request involving an admission, availability of care, continued stay or health care service for an Insured Person who has received emergency services, but has not been discharged from a facility.

All necessary information, including the Company's decision, shall be transmitted to the Insured Person or an Authorized Representative via telephone, facsimile or the most expeditious method available. The Insured Person or the Authorized Representative shall be notified of the EIR decision no more than one (1) working day after the Company's receipt of the EIR request and all information necessary to complete the appeal.

If the EIR request is related to a concurrent review Urgent Care Request, benefits for the service will continue until the Insured Person has been notified of the final determination.

At the same time an Insured Person or an Authorized Representative files an EIR request, the Insured Person or the Authorized Representative may file:

1. An Expedited External Review (EER) request if the Insured Person has a medical condition where the timeframe for completion of an EIR would seriously jeopardize the life or health of the Insured Person or would jeopardize the Insured Person's ability to regain maximum function; or
2. An Expedited Experimental or Investigational Treatment External Review (EEIER) request if the Adverse Determination involves a denial of coverage based on a determination that the recommended or requested service or treatment is experimental or investigational and the Insured Person's treating Physician certifies in writing that the recommended or requested service or treatment would be significantly less effective if not promptly initiated.

The notice of Final Adverse Determination may be provided orally, in writing, or electronically.

RIGHT TO EXTERNAL INDEPENDENT REVIEW

After exhausting the Company's Internal Appeal process, an Insured Person or Authorized Representative may submit a request for an External Independent Review when the service or treatment in question:

1. Is a Covered Medical Expense under the Policy; and
2. Is not covered because it does not meet the Company's requirements for Medical Necessity, appropriateness, health care setting, level of care, effectiveness, or the treatment is determined to be experimental or investigational.

A request for an External Independent Review shall not be made until the Insured Person or Authorized Representative has exhausted the Internal Appeals process. The Internal Appeal Process shall be considered exhausted if:

1. The Company has issued a Final Adverse Determination as detailed herein;
2. The Insured Person or the Authorized Representative filed a request for an Internal Appeal and has not received a written decision from the Company within 30 days and the Insured Person or Authorized Representative has not requested or agreed to a delay;
3. The Company fails to strictly adhere to the Internal Appeal process detailed herein; or
4. The Company agrees to waive the exhaustion requirement.

After exhausting the Internal Appeal process, and after receiving notice of an Adverse Determination or Final Adverse Determination, an Insured Person or Authorized Representative has 4 months to request an External Independent Review. Except for a request for an Expedited External Review, the request for an External Review should be made in writing to the Company. Upon request of an External Review, the Company shall provide the Insured Person or the Authorized Representative with the appropriate forms to request the review.

An External Review decision is binding on the Insured Person to the extent the Insured Person has other remedies available under applicable federal or state law. An Insured Person or an Authorized Representative may not file a subsequent request for External Review involving the same Adverse Determination or Final Adverse Determination for which the Insured Person has already received an External Review decision.

The Preferred Provider for this plan is UnitedHealthcare Choice Plus.

If care is received from a Preferred Provider any Covered Medical Expenses will be paid at the Preferred Provider level of benefits. If a Preferred Provider is not reasonably available in the Network Area, benefits will be paid at the level of benefits shown as Preferred Provider benefits and any amount over the Usual and Customary Charges will apply to the Preferred Provider Deductible and Out-of-Pocket Maximum upon proof of payment made to the Out-of-Network Provider from the Insured. UNITEDHEALTHCARE INSURANCE COMPANY

POLICY ENDORSEMENT

This endorsement takes effect and expires concurrently with the Policy to which it is attached and is subject to all of the terms and conditions of the Policy not inconsistent therewith.

President

It is hereby understood and agreed that the Policy to which this endorsement is attached is amended as follows:

Pediatric Dental Services Benefits

Benefits are provided under this endorsement for Covered Dental Services, as described below, for Insured Persons under the age of 19. Benefits under this endorsement terminate on the earlier of: 1) last day of the month the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the Policy terminates.

Section 1: Accessing Pediatric Dental Services

Network and Non-Network Benefits

Network Benefits - these benefits apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from a non-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service in excess of the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured Person must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always verify the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. The Insured Person can verify the participation status by calling the Company and/or the provider. If necessary, the Company can provide assistance in referring the Insured Person to Network Dental Provider.

The Company will make a *Directory of Network Dental Providers* available to the Insured Person. The Insured Person can also call *Customer Service* at 877-816-3596 to determine which providers participate in the Network. The telephone number for *Customer Service* is also on the Insured's ID card.

Non-Network Benefits - these benefits apply when Covered Dental Services are obtained from non-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Non-Network Benefits are determined based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by a non-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. As a result, Insured Persons may be required to pay a non-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee. In addition, when Covered Dental Services are obtained from non-Network Dental Providers, the Insured Person must file a claim with the Company to be reimbursed for Eligible Dental Expenses.

Covered Dental Services

The Insured Person is eligible for benefits for Covered Dental Services listed in this endorsement if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment, for a dental disease does not mean that the procedure or treatment is a Covered Dental Service under this endorsement.

Pre-Treatment Estimate

If the charge for a Dental Service is expected to exceed \$500 or if a dental exam reveals the need for fixed bridgework, the Insured Person may notify the Company of such treatment before treatment begins and receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the Policy. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be assigned a benefit based on the less costly procedure.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

Section 2: Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this Section when such services are:

- A. Necessary.
- B. Provided by or under the direction of a Dental Provider.
- C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be assigned a benefit based on the least costly procedure.
- D. Not excluded as described in *Section 3: Pediatric Dental Exclusions* of this endorsement.

Benefits for Covered Dental Services are subject to satisfaction of the Dental Services Deductible.

Network Benefits:

Benefits for Eligible Dental Expenses are determined as a percentage of the negotiated contract fee between the Company and the provider rather than a percentage of the provider's billed charge. The Company's negotiated rate with the provider is ordinarily lower than the provider's billed charge.

A Network provider cannot charge the Insured Person or the Company for any service or supply that is not Necessary as determined by the Company. If the Insured Person agrees to receive a service or supply that is not Necessary the Network provider may charge the Insured Person. However, these charges will not be considered Covered Dental Services and benefits will not be payable.

Non-Network Benefits:

Benefits for Eligible Dental Expenses from non-Network providers are determined as a percentage of the Usual and Customary Fees. The Insured Person must pay the amount by which the non-Network provider's billed charge exceeds the Eligible Dental Expense.

Dental Services Deductible

Benefits for pediatric Dental Services provided under this endorsement are not subject to the Policy Deductible stated in the Policy *Schedule of Benefits*. Instead, benefits for pediatric Dental Services are subject to a separate Dental Services Deductible.

For any combination of Network and Non-Network Benefits, the Dental Services Deductible per Policy Year is \$500 per Insured Person.

Out-of-Pocket Maximum - any amount the Insured Person pays in Coinsurance for pediatric Dental Services under this endorsement applies to the Out-of-Pocket Maximum stated in the Policy *Schedule of Benefits*.

Benefits

Dental Services Deductibles are calculated on a Policy Year basis.

When benefit limits apply, the limit stated refers to any combination of Network Benefits and Non-Network Benefits unless otherwise specifically stated.

Benefit limits are calculated on a Policy Year basis unless otherwise specifically stated.

Section 5: Defined Terms for Pediatric Dental Services

The following definitions are in addition to those listed in the Definitions section of the Certificate of Coverage:

Covered Dental Service – a Dental Service or Dental Procedure for which benefits are provided under this endorsement.

Dental Emergency - a dental condition or symptom resulting from dental disease which arises suddenly and, in the judgment of a reasonable person, requires immediate care and treatment, and such treatment is sought or received within 24 hours of onset.

Dental Provider - any dentist or dental practitioner who is duly licensed and qualified under the law of jurisdiction in which treatment is received to render Dental Services, perform dental surgery or administer anesthetics for dental surgery.

Dental Service or Dental Procedures - dental care or treatment provided by a Dental Provider to the Insured Person while the Policy is in effect, provided such care or treatment is recognized by the Company as a generally accepted form of care or treatment according to prevailing standards of dental practice.

Dental Services Deductible - the amount the Insured Person must pay for Covered Dental Services in a Policy Year before the Company will begin paying for Network or Non-Network Benefits in that Policy Year.

Eligible Dental Expenses - Eligible Dental Expenses for Covered Dental Services, incurred while the Policy is in effect, are determined as stated below:

- For Network Benefits, when Covered Dental Services are received from Network Dental Providers, Eligible Dental Expenses are the Company's contracted fee(s) for Covered Dental Services with that provider.
- For Non-Network Benefits, when Covered Dental Services are received from Non-Network Dental Providers, Eligible Dental Expenses are the Usual and Customary Fees, as defined below.

Experimental, Investigational, or Unproven Service - medical, dental, surgical, diagnostic, or other health care services, technologies, supplies, treatments, procedures, drug therapies or devices that, at the time the Company makes a determination regarding coverage in a particular case, is determined to be:

- Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use; or

- Subject to review and approval by any institutional review board for the proposed use; or
- The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2, or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight; or
- Not determined through prevailing peer-reviewed professional literature to be safe and effective for treating or diagnosing the condition or Sickness for which its use is proposed.

Foreign Services - services provided outside the U.S. and U.S. Territories.

Necessary - Dental Services and supplies under this endorsement which are determined by the Company through case-by-case assessments of care based on accepted dental practices to be appropriate and are all of the following:

- Necessary to meet the basic dental needs of the Insured Person.
- Rendered in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Service.
- Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies that are accepted by the Company.
- Consistent with the diagnosis of the condition.
- Required for reasons other than the convenience of the Insured Person or his or her Dental Provider.
- Demonstrated through prevailing peer-reviewed dental literature to be either:
 - o Safe and effective for treating or diagnosing the condition or sickness for which their use is proposed; or
 - o Safe with promising efficacy
 - For treating a life threatening dental disease or condition.
 - Provided in a clinically controlled research setting.
 - Using a specific research protocol that meets standards equivalent to those defined by the National Institutes of Health.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this endorsement. The definition of Necessary used in this endorsement relates only to benefits under this endorsement and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

Network - a group of Dental Providers who are subject to a participation agreement in effect with the Company, directly or through another entity, to provide Dental Services to Insured Persons. The participation status of providers will change from time to time.

Network Benefits - benefits available for Covered Dental Services when provided by a Dental Provider who is a Network Dentist.

Non-Network Benefits - benefits available for Covered Dental Services obtained from Non-Network Dentists.

Usual and Customary Fee - Usual and Customary Fees are calculated by the Company based on available data resources of competitive fees in that geographic area.

Usual and Customary Fees must not exceed the fees that the provider would charge any similarly situated payor for the same services.

Usual and Customary Fees are determined solely in accordance with the Company's reimbursement policy guidelines. The Company's reimbursement policy guidelines are developed by the Company, in its discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (publication of the American Dental Association).
- As reported by generally recognized professionals or publications.
- As utilized for Medicare.

UnitedHealthcare Pharmacy (UHCP) Prescription Drug Benefits

Benefits for Prescription Drug Products

Benefits are available for Prescription Drug Products when dispensed at a UHCP Network Pharmacy as specified in the Policy Schedule of Benefits subject to all terms of the Policy and the provisions, definitions and exclusions specified in this endorsement.

Benefits are available for Prescription Drug Products from an Out-of-Network Pharmacy, as specified in the Policy Schedule of Benefits subject to all terms of the Policy.

Benefits for Prescription Drug Products are subject to supply limits and Copayments and/or Coinsurance or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is placed. Refer to the Policy Schedule of Benefits for applicable supply limits and Copayments and/or Coinsurance requirements.

Benefit for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Medical Expense.

Benefits are available for refills of Prescription Drug Products only when dispensed as ordered by a Physician and only after $\frac{3}{4}$ of the original Prescription Drug Product has been used. For select controlled medications filled at a retail Network Pharmacy, refills are available when 90% of the original Prescription Drug Product has been used. For select controlled medications filled at a mail order Network Pharmacy, refills are available when 80% of the original Prescription Drug Product has been used.

The Insured must present their ID card to the Network Pharmacy when the prescription is filled. If the Insured does not present their ID card to the Network Pharmacy, they will need to pay for the Prescription Drug and then submit a reimbursement form along with the paid receipts in order to be reimbursed. Insureds may obtain reimbursement forms by visiting www.firststudent.com and logging into their online account or by calling Customer Service at 1-855-828-7716.

Information on Network Pharmacies is available at www.firststudent.com or by calling Customer Service at 1-855-828-7716.

When prescriptions are filled at pharmacies outside a Network Pharmacy, the Insured must pay for the Prescription Drugs out of pocket and submit the receipts for reimbursement as described in the How to File a Claim for Injury and Sickness Benefits section in the Certificate of Coverage.

Prescription Drug Deductible

The Insured Person is responsible for paying the Prescription Drug Deductible stated in the Policy Schedule of Benefits before benefits for Prescription Drug Products are available.

The Insured Person is not responsible for paying a Deductible for PPACA Zero Cost Share Preventive Care Medications.

Copayment and/or Coinsurance Amount

For Prescription Drug Products at a retail Network Pharmacy, Insured Persons are responsible for paying the lowest of:

- The applicable Copayment and/or Coinsurance.
- The Network Pharmacy's Usual and Customary Fee for the Prescription Drug Product.
- The Prescription Drug Charge for that Prescription Drug Product.

For Prescription Drug Products from a mail order Network Pharmacy, Insured Persons are responsible for paying the lower of:

- The applicable Copayment and/or Coinsurance; or
- The Prescription Drug Charge for that Prescription Drug Product.

The Insured Person is not responsible for paying a Copayment and/or Coinsurance for PPACA Zero Cost Share Preventive Care Medications.

Supply Limits

Benefits for Prescription Drug Products are subject to supply limits as written by the Physician and the supply limits that are stated in the Policy Schedule of Benefits, unless adjusted based on the drug manufacturer's packaging size. For a single Copayment and/or Coinsurance, the Insured may receive a Prescription Drug Product up to the stated supply limit.

When a Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

When a Prescription Drug Product is dispensed from a mail order Network Pharmacy, the Prescription Drug Product is subject to the supply limit stated in the Policy Schedule of Benefits, unless adjusted based on the drug manufacturer's packaging size, or based on supply limits.

Note: Some products are subject to additional supply limits based on criteria that the Company has developed. Supply limits are subject from time to time, to the Company's review and change. This may limit the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply or may require that a minimum amount be dispensed.

The Insured may find out whether a Prescription Drug Product has been assigned a maximum quantity level for dispensing at www.firststudent.com or by calling Customer Service at 1-855-828-7716.

Refill Synchronization

The Company has a procedure to align the refill dates of Prescription Drug Products so that drugs that are refilled at the same frequency may be refilled concurrently.

An Insured Person may access information on these procedures at www.firststudent.com or by calling Customer Service at 1-855-828-7716.

If a Brand-name Drug Becomes Available as a Generic

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug may change. Therefore, the Copayment and/or Coinsurance may change or the Insured will no longer have benefits for that particular Brand-name Prescription Drug Product.

Designated Pharmacies

If the Insured requires certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, the Company may direct the Insured to a Designated Pharmacy with whom the Company has an arrangement to provide those Prescription Drug Products.

If the Insured is directed to a Designated Pharmacy and chooses not to obtain their Prescription Drug Product from a Designated Pharmacy, the Insured may opt-out of the Designated Pharmacy program at www.firststudent.com or by calling Customer Service at 1-855-828-7716. If the Insured opts-out of the program and fills their Prescription Drug Product at a non-Designated Pharmacy but does not inform the Company, the benefits will be provided under the Out-of-Network Prescription Drug benefit.

If the Insured is directed to a Designated Pharmacy and has informed the Company of their decision not to obtain their Prescription Drug Product from a Designated Pharmacy, benefits will be provided under the Out-of-Network Prescription Drug benefit. For a Specialty Prescription Drug Product, if the Insured chooses to obtain their Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, the Insured will be required to pay 2 times the retail Network Pharmacy Copayment and/or 2 times the retail Network Pharmacy Coinsurance (up to 50% of the Prescription Drug Charge) based on the applicable tier.

Smart Fill Program - Split Fill

Certain Specialty Prescription Drug Products may be dispensed by the Designated Pharmacy in 15-day supplies up to 90 days and at a pro-rated Copayment or Coinsurance. The Insured will receive a 15-day supply of their Specialty Prescription Drug Product to find out if they will tolerate the Specialty Prescription Drug Product prior to purchasing a full supply. The Designated Pharmacy will contact the Insured each time prior to dispensing the 15-day supply to confirm if the Insured is tolerating the Specialty Prescription Drug Product. The Insured may find a list of Specialty Prescription Drug Products included in the Smart Fill Program at www.firststudent.com or by calling Customer Service at 1-855-828-7716.

Smart Fill Program - 90 Day Supply

Certain Specialty Prescription Drug Products may be dispensed by the Designated Pharmacy in 90-day supplies. The Copayment and/or Coinsurance will reflect the number of days dispensed. The Smart Fill Program which offers a 90 day supply of certain Specialty Prescription Drug Products is for an Insured Person who is stabilized on a Specialty Prescription Drug Product included in the Smart Fill Program. The Insured may find a list of Specialty Prescription Drug Products included in the Smart Fill Program at www.firststudent.com or by calling Customer Service at 1-855-828-7716.

Specialty Prescription Drug Products

Benefits are provided for Specialty Prescription Drug Products.

If the Insured requires Specialty Prescription Drug Products, the Company may direct the Insured to a Designated Pharmacy with whom the Company has an arrangement to provide those Specialty Prescription Drug Products.

If the Insured is directed to a Designated Pharmacy and the Insured has informed the Company of their decision not to obtain their Specialty Prescription Drug Product from a Designated Pharmacy, and the Insured chooses to obtain their Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, the Insured will be required to pay 2 times the retail Network Pharmacy Copayment and/or 2 times the retail Network Pharmacy Coinsurance (up to 50% of the Prescription Drug Charge) based on the applicable tier.

The Company designates certain Network Pharmacies to be Preferred Specialty Network Pharmacies. The Company may periodically change the Preferred Specialty Network Pharmacy designation of a Network Pharmacy. These changes may occur without prior notice to the Insured unless required by law. The Insured may find out whether a Network Pharmacy is a Preferred Specialty Network Pharmacy at www.firststudent.com or by calling Customer Service at 1-855-828-7716.

If the Insured chooses to obtain their Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, the Insured will be required to pay 2 times the retail Network Pharmacy Copayment and/or 2 times the retail Network Pharmacy Coinsurance (up to 50% of the Prescription Drug Charge) based on the applicable tier.

Please see the Definitions Section for a full description of Specialty Prescription Drug Product and Designated Pharmacy.

The following supply limits apply to Specialty Prescription Drug Products.

As written by the Physician, up to a consecutive 31-day supply of a Specialty Prescription Drug Product, unless adjusted based on the drug manufacturer's packaging size, or based on supply limits.

When a Specialty Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

If a Specialty Prescription Drug Product is provided for less than or more than a 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

Supply limits apply to Specialty Prescription Drug Products obtained at a Preferred Specialty Network Pharmacy, a Non-Preferred Specialty Network Pharmacy, a mail order Network Pharmacy or a Designated Pharmacy.

Prior Authorization Requirements

Before certain Prescription Drug Products are dispensed at a Network Pharmacy, either the Insured's Physician, Insured's pharmacist or the Insured is required to obtain prior authorization from the Company or the Company's designee. The reason for obtaining prior authorization from the Company is to determine whether the Prescription Drug Product, in accordance with the Company's approved guidelines, is each of the following:

- It meets the definition of a Covered Medical Expense.
- It is not an Experimental or Investigational or Unproven Service.

If the Insured does not obtain prior authorization from the Company before the Prescription Drug Product is dispensed, the Insured may pay more for that Prescription Order or Refill. The Prescription Drugs requiring prior authorization are subject, from time to time, to the Company's review and change. There may be certain Prescription Drug Products that require the Insured to notify the Company directly rather than the Insured's Physician or pharmacist. The Insured may determine whether a particular Prescription Drug requires prior authorization at www.firststudent.com or by calling Customer Service at 1-855-828-7716.

If the Insured does not obtain prior authorization from the Company before the Prescription Drug Product is dispensed, the Insured can ask the Company to consider reimbursement after the Insured receives the Prescription Drug Product. The Insured will be required to pay for the Prescription Drug Product at the pharmacy.

When the Insured submits a claim on this basis, the Insured may pay more because they did not obtain prior authorization from the Company before the Prescription Drug Product was dispensed. The amount the Insured is reimbursed will be based on the Prescription Drug Charge, less the required Copayment and/or Coinsurance and any Deductible that applies.

Benefits may not be available for the Prescription Drug Product after the Company reviews the documentation provided and determines that the Prescription Drug Product is not a Covered Medical Expense or it is an Experimental or Investigational or Unproven Service.

Step Therapy

Certain Prescription Drug Products for which benefits are provided are subject to step therapy requirements. In order to receive benefits for such Prescription Drug Products an Insured must use a different Prescription Drug Product(s) first.

The Insured may find out whether a Prescription Drug Product is subject to step therapy requirements at www.firststudent.com or by calling Customer Service at 1-855-828-7716.

When a step therapy requirement applies to a Prescription Drug Product the Insured's Physician may request an exception.

- For non-urgent step therapy exception requests, a review will be completed within 72 hours once all information needed to process the request has been received.
- For urgent step therapy exception requests, a review will be completed within 24 hours once all the information needed to process the request has been received.

If the step therapy exception request is denied, please refer to Section 16: *Notice of Appeal Rights* of the *Certificate* for additional information on appealing an Adverse Determination.

In the case of *FDA*-approved drugs for the treatment of stage 4 advanced, metastatic cancer, benefits will not be subject to step therapy requirements if the use of the drug is consistent with best practices for the treatment and is supported by peer-reviewed medical literature.

Coverage Policies and Guidelines

The Company's Prescription Drug List (PDL) Management Committee makes tier placement changes on the Company's behalf. The PDL Management Committee places FDA-approved Prescription Drug Products into tiers by considering a number of factors including clinical and economic factors. Clinical factors may include review of the place in therapy or use as compared to other similar product or services, site of care, relative safety or effectiveness of the Prescription Drug Product, as well as if certain supply limits or prior authorization requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product's total cost including, any rebates and evaluations on the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for treating specific conditions as compared to others, therefore; a Prescription Drug may be placed on multiple tiers according to the condition for which the Prescription Drug Product was prescribed to treat.

The Company may, from time to time, change the placement of a Prescription Drug Product among the tiers. These changes may happen no more than one time per Policy Year. If the Insured Person is actively taking a Prescription Drug Product, the Company will notify the Insured Person electronically, or in writing, upon request by the Insured, at least sixty days prior to any deletions, other than generic substitutions. The Company will continue to cover at the contracted benefit level until the Policy Termination Date any Prescription Drug Product that was covered under the Policy on its Effective Date, regardless of whether the Prescription Drug Product has been removed from the Prescription Drug List before the Policy Termination Date, in accordance with the terms and conditions of the Policy benefits.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Insured Persons as a general population. Whether a particular Prescription Drug Product is appropriate for an individual Insured Person is a determination that is made by the Insured Person and the prescribing Physician.

NOTE: The tier placement of a Prescription Drug Product may change, from time to time, based on the process described above. As a result of such changes, the Insured may be required to pay more or less for that Prescription Drug Product. Please access www.firststudent.com or call Customer Service at 1-855-828-7716 for the most up-to-date tier status. The Insured Person can also request information on whether a specific Prescription Drug Product is included in the Prescription Drug List. This information will be provided to the Insured Person no later than the third business day after the date of the request. However, the inclusion of a Prescription Drug Product in the Prescription Drug List does not guarantee that the Prescription Drug Product will be prescribed for the Insured Person by their Physician for a particular medical condition or mental illness.

Prescription Drug List

If the Company makes an Adverse Determination regarding Benefits for a Prescription Drug Product because it is not included on the Prescription Drug List (sometimes called a drug formulary) or because the Prescription Drug Product is considered Experimental and Investigational, the Insured Person will have the right to request a review by an Independent Review Organization (IRO).

Rebates and Other Payments

The Company may receive rebates for certain drugs included on the Prescription Drug List. The Company does not pass these rebates on to the Insured Person, nor are they applied to the Insured's Deductible or taken into account in determining the Insured's Copayments and/or Coinsurance.

The Company, and a number of its affiliated entities, conducts business with various pharmaceutical manufacturers separate and apart from this Prescription Drug Endorsement. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this Prescription Drug Benefit. The Company is not required to pass on to the Insured, and does not pass on to the Insured, such amounts.

- Well-conducted cohort studies from more than one institution. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

The Company has a process by which it compiles and reviews clinical evidence with respect to certain health services. From time to time, the Company issues medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice.

If the Insured has a life-threatening Injury or Sickness (one that is likely to cause death within one year of the request for treatment) the Company may, as it determines, consider an otherwise Unproven Service to be a Covered Medical Expense for that Injury or Sickness. President

It is hereby understood and agreed that the Policy to which this endorsement is attached is amended as follows:

An Insured Person under this insurance plan is eligible for Assistance and Evacuation Benefits in addition to the underlying plan coverage. The requirements to receive these benefits are as follows:

International Students, insured spouse and insured minor child(ren) are eligible to receive Assistance and Evacuation Benefits worldwide, except in their Home Country.

Domestic Students, insured spouse and insured minor child(ren) are eligible for Assistance and Evacuation Benefits when 100 miles or more away from their campus address or 100 miles or more away from their permanent home address or while participating in a study abroad program.

Assistance and Evacuation Benefits

DEFINITIONS

The following definitions apply to the Assistance and Evacuation Benefits described further below.

“Emergency Medical Event” means an event wherein an Insured Person’s medical condition and situation are such that, in the opinion of the Company’s affiliate or authorized vendor and the Insured Person’s treating physician, the Insured Person requires urgent medical attention without which there would be a significant risk of death, or serious impairment and adequate medical treatment is not available at the Insured Person’s initial medical facility.

“Home Country” means, with respect to an Insured Person, the country or territory as shown on the Insured Person’s passport or the country or territory of which the Insured Person is a permanent resident.

“Host Country” means, with respect to an Insured Person, the country or territory the Insured Person is visiting or in which the Insured Person is living, which is not the Insured Person’s Home Country.

“Physician Advisors” mean physicians retained by the Company’s affiliate or authorized vendor for provision of consultative and advisory services to the Company’s affiliate or authorized vendor, including the review and analysis of the medical care received by Insured Persons.

An Insured Person must notify the Company’s affiliate or authorized vendor to obtain benefits for Medical Evacuation and Repatriation. If the Insured Person doesn’t notify the Company’s affiliate or authorized vendor, the Insured Person will be responsible for paying all charges and no benefits will be paid.

MEDICAL EVACUATION AND REPATRIATION BENEFITS

Emergency Medical Evacuation: If an Insured Person suffers a Sickness or Injury, experiences an Emergency Medical Event and adequate medical facilities are not available locally in the opinion of the Medical Director of the Company’s affiliate or authorized vendor, the Company’s affiliate or authorized vendor will provide an emergency medical evacuation

(under medical supervision if necessary) to the nearest facility capable of providing adequate care by whatever means is necessary. The Company will pay costs for arranging and providing for transportation and related medical services (including the cost of a medical escort if necessary) and medical supplies necessarily incurred in connection with the emergency medical evacuation.

Dispatch of Doctors/Specialists: If an Insured Person experiences an Emergency Medical Event and the Company's affiliate or authorized vendor determines that an Insured Person cannot be adequately assessed by telephone for possible medical evacuation from the initial medical facility or that the Insured Person cannot be moved and local treatment is unavailable, the Company's affiliate or authorized vendor will arrange to send an appropriate medical practitioner to the Insured Person's location when it deems it appropriate for medical management of a case. The Company will pay costs for transportation and expenses associated with dispatching a medical practitioner to an Insured Person's location, not including the costs of the medical practitioner's service.

Medical Repatriation: After an Insured Person receives initial treatment and stabilization for a Sickness or Injury, if the attending physician and the Medical Director of the Company's affiliate or authorized vendor determine that it is medically necessary, the Company's affiliate or authorized vendor will transport an Insured Person back to the Insured Person's permanent place of residence for further medical treatment or to recover. The Company will pay costs for arranging and providing for transportation and related medical services (including the cost of a medical escort if necessary) and medical supplies necessarily incurred in connection with the repatriation.

Transportation after Stabilization: If Medical Repatriation is not required following stabilization of the Insured Person's condition and discharge from the hospital, the Company's affiliate or authorized vendor will coordinate transportation to the Insured Person's point of origin, Home Country, or Host Country. The Company will pay costs for economy transportation (or upgraded transportation to match an Insured Person's originally booked travel arrangements) to the Insured Person's original point of origin, Home Country or Host Country.

Transportation to Join a Hospitalized Insured Person: If an Insured Person who is travelling alone is or will be hospitalized for more than three (3) days due to a Sickness or Injury, the Company's affiliate or authorized vendor will coordinate round-trip airfare for a person of the Insured Person's choice to join the Insured Person. The Company will pay costs for economy class round-trip airfare for a person to join the Insured Person.

Return of Minor Children: If an Insured Person's minor child(ren) age 18 or under are present but left unattended as a result of the Insured Person's Injury or Sickness, the Company's affiliate or authorized vendor will coordinate airfare to send them back to the Insured Person's Home Country. The Company's affiliate or authorized vendor will also arrange for the services, transportation expenses, and accommodations of a non-medical escort, if required as determined by the Company's affiliate or authorized vendor. The Company will pay costs for economy class one-way airfare for the minor children (or upgraded transportation to match the Insured Person's originally booked travel arrangement) and, if required, the cost of the services, transportation expenses, and accommodations of a non-medical escort to accompany the minor children back to the Insured Person's Home Country.

Repatriation of Mortal Remains: In the event of an Insured Person's death, the Company's affiliate or authorized vendor will assist in obtaining the necessary clearances for the Insured Person's cremation or the return of the Insured Person's mortal remains. The Company's affiliate or authorized vendor will coordinate the preparation and transportation of the Insured Person's mortal remains to the Insured Person's Home Country or place of primary residence, as it obtains the number of certified death certificates required by the Host Country and Home Country to release and receive the remains. The Company will pay costs for the certified death certificates required by the Home Country or Host Country to release the remains and expenses of the preparation and transportation of the Insured Person's mortal remains to the Insured Person's Home Country or place of primary residence.

CONDITIONS AND LIMITATIONS

In all cases, the requested Assistance and Evacuation Benefits services and payments must be arranged, authorized, verified and approved in advance by the Company's affiliate or authorized vendor.

With respect to any evacuation requested by an Insured Person, the Company's affiliate or authorized vendor reserves the right to determine, at its sole discretion, the need for and the feasibility of an evacuation and the means, method, timing, and destination of such evacuation, and may consult with relevant third-parties, including as applicable, Physician Advisors and treating physicians as needed to make its determination.
