Introduction

Welcome to the UnitedHealthcare StudentResources Student Injury and Sickness Insurance Plan. This plan is underwritten by UnitedHealthcare Insurance Company ("the Company").

The school (referred to as the "Policyholder") has purchased a Policy from the Company. The Company will provide the benefits described in this Certificate to Insured Persons, as defined in the Definitions section of this Certificate. This Certificate is not a contract between the Insured Person and the Company. Keep this Certificate with other important papers so that it is available for future reference.

This plan is a preferred provider organization or "PPO" plan. It provides a higher level of coverage when Covered Medical Expenses are received from healthcare providers who are part of the plan's network of "Preferred Providers." The plan also provides coverage when Covered Medical Expenses are obtained from healthcare providers who are not Preferred Providers, known as "Out-of-Network Providers." However, a lower level of coverage may be provided when care is received from Out-of-Network Providers and the Insured Person may be responsible for paying a greater portion of the cost.

To receive the highest level of benefits from the plan, the Insured Person should obtain covered services from Preferred Providers whenever possible. The easiest way to locate Preferred Providers is through the plan's web site at www.uhcsr.com. The web site will allow the Insured to easily search for providers by specialty and location.

The Insured may also call the Customer Service Department at 1-800-767-0700, toll free, for assistance in finding a Preferred Provider.

An Insured has the right to access Emergency Services, 24 hours a day and 7 days a week. Emergency Services will be covered whether provided by Preferred Providers or Out-of-Network Providers.

Please feel free to call the Customer Service Department with any questions about the plan. The telephone number is 1-800-767-0700. The Insured can also write to the Company at:

UnitedHealthcare Student Resources
P.O. Box 809025
Dallas, TX 75380-9025

Section 1: Who Is Covered

The Master Policy covers students and their eligible Dependents who have met the Policy's eligibility requirements (as shown below) and who:

1. Are properly enrolled in the plan, and
2. Pay the required premium.

All eligible students and participants registered at an accredited institution of higher learning are automatically enrolled unless proof of comparable coverage is furnished. Specific eligibility requirements are set forth in each Institution of Higher Education's insurance plan materials.

Eligible students who do enroll may also insure their Dependents. Eligible Dependents are the student's legal spouse and dependent children under 26 years of age.

The student (Named Insured, as defined in this Certificate) must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study, correspondence, and online courses do not fulfill the eligibility requirements that the student actively attend classes. The Company maintains its right to investigate eligibility or student status and attendance records to verify that the Policy eligibility requirements have been met. If and whenever the Company discovers that the Policy eligibility requirements have not been met, its only obligation is refund of premium.

The eligibility date for Dependents of the Named Insured shall be determined in accordance with the following:

1. If a Named Insured has Dependents on the date he or she is eligible for insurance.
2. If a Named Insured acquires a Dependent after the Effective Date, such Dependent becomes eligible:
 - a. On the date the Named Insured acquires a legal spouse.
 - b. On the date the Named Insured acquires a dependent child who is within the limits of a dependent child set forth in the Definitions section of this Certificate.

Dependent eligibility expires concurrently with that of the Named Insured.

Section 2: Effective and Termination Dates

The Master Policy on file with the consortium sponsor (IHECT) becomes effective at 12:01 a.m., July 1, 2019. The Insured Person's coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later.

The Master Policy terminates at 11:59 p.m., September 30, 2020. The Insured Person's coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier. Dependent coverage will not be effective prior to that of the Insured student or extend beyond that of the Insured student.

There is no pro-rata or reduced premium payment for late enrollees. A student who requests to cancel coverage under the Policy will receive a refund of unearned premium as of the time of cancellation if the unearned premium is for a period of more than one month. The return of unearned premium will be delivered to the Insured within 30 days following receipt of the Insured's request for cancellation.

Coverage shall continue in force during the Grace Period unless: 1) the Insured has given the Company written notice of discontinuance; or 2) not less than five days prior to the premium due date, the Company has delivered to the Insured or has mailed to the Insured's last address as shown by the records of the Company, written notice of its intention not to renew this Policy beyond the period for which the premium has been accepted.

The Master Policy is a non-renewable one year term insurance policy. The Master Policy will not be renewed.

Section 3: Extension of Benefits after Termination

The coverage provided under the Policy ceases on the Termination Date. However, if an Insured is Hospital Confined on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 12 months after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

After this Extension of Benefits provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

Section 4: Pre-Admission Notification

UnitedHealthcare should be notified of all Hospital Confinements prior to admission.

1. **PRE-NOTIFICATION OF MEDICAL NON-EMERGENCY HOSPITALIZATIONS:** The patient, Physician or Hospital should telephone 1-877-295-0720 at least five working days prior to the planned admission.
2. **NOTIFICATION OF MEDICAL EMERGENCY ADMISSIONS:** The patient, patient's representative, Physician or Hospital should telephone 1-877-295-0720 within two working days of the admission to provide notification of any admission due to Medical Emergency.

UnitedHealthcare is open for Pre-Admission Notification calls from 8:00 a.m. to 6:00 p.m. C.S.T., Monday through Friday. Calls may be left on the Customer Service Department's voice mail after hours by calling 1-877-295-0720.

IMPORTANT: Failure to follow the notification procedures will not affect benefits otherwise payable under the Policy; however, pre-notification is not a guarantee that benefits will be paid.

Section 5: Preferred Provider Information

"Preferred Providers" are the Physicians, Hospitals and other health care providers who have contracted to provide specific medical care at negotiated prices. Preferred Providers in the local school area are:

UnitedHealthcare Choice Plus

The availability of specific providers is subject to change without notice. A list of Preferred Providers is located on the plan's web site at www.uhcsr.com. Insureds should always confirm that a Preferred Provider is participating at the time services are required by calling the Company at 1-800-767-0700 and/or by asking the provider when making an appointment for services.

"Preferred Allowance" means the amount a Preferred Provider will accept as payment in full for Covered Medical Expenses.

"Out-of-Network" providers have not agreed to any prearranged fee schedules. Insureds may incur significant out-of-pocket expenses with these providers. Charges in excess of the insurance payment are the Insured's responsibility.

Regardless of the provider, each Insured is responsible for the payment of their Deductible. The Deductible must be satisfied before benefits are paid. The Company will pay according to the benefit limits in the Schedule of Benefits.

Inpatient Expenses

Preferred Providers – Eligible Inpatient expenses at a Preferred Provider will be paid at the Coinsurance percentages specified in the Schedule of Benefits, up to any limits specified in the Schedule of Benefits. Preferred Hospitals include UnitedHealthcare Choice Plus United Behavioral Health (UBH) facilities. Call 1-800-767-0700 for information about Preferred Hospitals.

Out-of-Network Providers - If Inpatient care is not provided at a Preferred Provider, eligible Inpatient expenses will be paid according to the benefit limits in the Schedule of Benefits.

Outpatient Hospital Expenses

Preferred Providers may discount bills for outpatient Hospital expenses. Benefits are paid according to the Schedule of Benefits. Insureds are responsible for any amounts that exceed the benefits shown in the Schedule, up to the Preferred Allowance.

Professional & Other Expenses

Benefits for Covered Medical Expenses provided by UnitedHealthcare Choice Plus will be paid at the Coinsurance percentages specified in the Schedule of Benefits or up to any limits specified in the Schedule of Benefits. All other providers will be paid according to the benefit limits in the Schedule of Benefits.

Unauthorized Provider Services

Unauthorized provider services occur when an Insured receives services:

- From an Out-of-Network Provider at a Preferred Provider Hospital or ambulatory surgical center, when the services are rendered:
 - Due to the unavailability of a Preferred Provider;
 - By an Out-of-Network Provider without the Insured's knowledge; or
 - Due to the need for unforeseen services arising at the time the services are being rendered.
- From a Preferred Provider that sends a specimen taken from the Insured in the Preferred Provider's practice setting to an Out-of-Network laboratory, pathologist, or other medical testing facility.

The services described above are not unauthorized provider services if the Insured gives advance written consent to the provider acknowledging that the use of a provider, or the services to be rendered, may result in costs not covered by the Policy.

Unauthorized provider services do not include Medical Emergency.

If the Insured receives unauthorized provider services as noted above, the Insured's financial responsibility for the unauthorized provider services shall be the same cost-sharing requirements, including Copayments, Deductibles, Coinsurance, coverage restrictions, and coverage limitations, as those applicable to services received by the Insured from a Preferred Provider and shall be applied to the Insured's Preferred Provider Out-of-Pocket Maximum.

Estimated Reimbursement Request

If an Insured intends to receive specific health care services from a Preferred Provider, the Insured or their designee may request a good faith estimate of the Covered Medical Expense amount for that service by calling the Customer Service Department at 1-800-767-0700. The Company will provide the Insured with a good faith estimate which will include an estimate of the Insured's Out-Of-Pocket Maximum. This estimate will be provided within ten business days from the date the Company receives a complete request.

A good faith estimate is not legally binding, or is it a guarantee of final costs for services, a final determination of benefits eligibility or Preferred Provider participation.

Section 8: Coordination of Benefits Provision

Benefits will be coordinated with any other eligible medical, surgical, or hospital Plan or coverage so that combined payments under all programs will not exceed 100% of Allowable Expenses incurred for covered services and supplies.

Definitions

1. **Allowable Expenses:** Any health care expense, including Coinsurance, or Copays and without reduction for any applicable Deductible that is covered in full or in part by any of the Plans covering the Insured Person. If a Plan is advised by an Insured Person that all Plans covering the Insured Person are high-deductible health Plans and the Insured Person intends to contribute to a health savings account established in accordance with section 223 of the Internal Revenue Code of 1986, the primary high-deductible health Plan's deductible is not an allowable expense, except for any health care expense incurred that may not be subject to the deductible as described in s 223(c)(2)(C) of the Internal Revenue Code of 1986. If a Plan provides benefits in the form of services, the

reasonable cash value of each service is considered an allowable expense and a benefit paid. An expense or service or a portion of an expense or service that is not covered by any of the Plans is not an allowable expense. Any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging an Insured Person is not an allowable expense. Expenses that are not allowable include all of the following.

- The difference between the cost of a semi-private hospital room and a private hospital room, unless one of the Plans provides coverage for private hospital rooms.
- For Plans that compute benefit payments on the basis of usual and customary fees or relative value schedule reimbursement or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specified benefit.
- For Plans that provide benefits or services on the basis of negotiated fees, any amount in excess of the highest of the negotiated fees.
- If one Plan calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement or other similar reimbursement methodology and another Plan calculates its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, that negotiated fee or payment shall be the allowable expense used by the Secondary Plan to determine its benefits.

The amount of any benefit reduction by the Primary Plan because an Insured Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of Plan provisions include second surgical opinions, precertification of admission, and preferred provider arrangements.

1. Plan: A form of coverage with which coordination is allowed.

Plan includes all of the following:

- Group insurance contracts and subscriber contracts.
- Uninsured arrangements of group or group-type coverage.
- Group coverage through closed panel Plans.
- Group-type contracts, including blanket contracts.
- The medical care components of long-term care contracts, such as skilled nursing care.
- The medical benefits coverage in automobile no fault and traditional automobile fault type contracts.
- Medicare or other governmental benefits, as permitted by law, except for Medicare supplement coverage. That part of the definition of Plan may be limited to the hospital, medical, and surgical benefits of the governmental program.

Plan does not include any of the following:

- Benefits provided in long term care insurance policies for non-medical services, for example, personal care, adult day care, homemaker services, assistance with activities of daily living, respite care, and custodial care or for contracts that pay a fixed daily benefit without regard to expenses incurred or the receipt of services.
- Medicare supplement policies.
- State Plans under Medicaid.
- A governmental Plan, which, by law, provides benefits that are in excess of those of any private insurance Plan or other nongovernmental Plan.

2. **Primary Plan:** A Plan whose benefits for a person's health care coverage must be determined without taking the existence of any other Plan into consideration. A Plan is a Primary Plan if: 1) the Plan either has no order of benefit determination rules or its rules differ from those outlined in this Coordination of Benefits Provision; or 2) all Plans that cover the Insured Person use the order of benefit determination rules and under those rules the Plan determines its benefits first.
3. **Secondary Plan:** A Plan that is not the Primary Plan.
4. **We, Us or Our:** The Company named in the Policy.

Rules for Coordination of Benefits - When an Insured Person is covered by two or more Plans, the rules for determining the order of benefit payments are outlined below.

The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.

If an Insured is covered by more than one Secondary Plan, the Order of Benefit Determination rules in this provision shall decide the order in which the Secondary Plan's benefits are determined in relation to each other. Each Secondary Plan shall take into consideration the benefits of the Primary Plan or Plans and the benefits of any other Plans, which has its benefits determined before those of that Secondary Plan.

A Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying Plan is primary. This does not apply to coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base Plan hospital and surgical benefits, and insurance type coverages that are written in connection with a closed panel Plan to provide out of network benefits.

If the Primary Plan is a closed panel Plan and the Secondary Plan is not a closed panel Plan, the Secondary Plan shall pay or provide benefits as if it were the Primary Plan when an Insured Person uses a non-panel provider, except for emergency services or authorized referrals that are paid or provided by the Primary Plan.

A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.

Order of Benefit Determination - Each Plan determines its order of benefits using the first of the following rules that apply:

1. **Non-Dependent/Dependent.** The benefits of the Plan which covers the person as an employee, member or subscriber are determined before those of the Plan which covers the person as a Dependent. If the person is a Medicare beneficiary, and, as a result of the provisions of Title XVII of the Social Security Act and implementing regulations, Medicare is both (i) secondary to the Plan covering the person as a dependent; and (ii) primary to the Plan covering the person as other than a dependent, then the order of benefit is reversed. The Plan covering the person as an employee, member, subscriber, policyholder or retiree is the Secondary Plan and the other Plan covering the person as a dependent is the Primary Plan.
2. **Dependent Child/Parents Married or Living Together.** When this Plan and another Plan cover the same child as a Dependent of different persons, called "parents" who are married or are living together whether or not they have ever been married:
 - the benefits of the Plan of the parent whose birthday falls earlier in a year exclusive of year of birth are determined before those of the Plan of the parent whose birthday falls later in that year.
 - However, if both parents have the same birthday, the benefits of the Plan which covered the parent longer are determined before those of the Plan which covered the other parent for a shorter period of time.
3. **Dependent Child/Parents Divorced, Separated or Not Living Together.** If two or more Plans cover a person as a Dependent child of parents who are divorced or separated or are not living together, whether or not they have ever been married, benefits for the child are determined in this order:

If the specific terms of a court decree state that one of the parents is responsible for the health care services or expenses of the child and that Plan has actual knowledge of those terms, that Plan is Primary. If the parent with financial responsibility has no coverage for the child's health care services or expenses, but that parent's spouse does, the spouse's Plan is the Primary Plan. This item shall not apply with respect to any Plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.

If a court decree states that both parents are responsible for the child's health care expenses or coverage, the order of benefit shall be determined in accordance with part (2).

If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or coverage of the child, the order of benefits shall be determined in accordance with the rules in part (2).

If there is no court decree allocating responsibility for the child's health care expenses or coverage, the order of benefits are as follows:

- First, the Plan of the parent with custody of the child.
- Then the Plan of the spouse of the parent with the custody of the child.

- The Plan of the parent not having custody of the child.
 - Finally, the Plan of the spouse of the parent not having custody of the child.
4. **Dependent Child/Non-Parental Coverage.** If a Dependent child is covered under more than one Plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, as if those individuals were parents of the child.
 5. **Active/Inactive Employee.** The benefits of a Plan which covers a person as an employee who is neither laid off nor retired (or as that employee's Dependent) are determined before those of a Plan which covers that person as a laid off or retired employee (or as that employee's Dependent). If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.
 6. **COBRA or State Continuation Coverage.** If a person whose coverage is provided under COBRA or under a right of continuation pursuant to federal or state law also is covered under another Plan, the following shall be the order of benefit determination:
 - First, the benefits of a Plan covering the person as an employee, member or subscriber or as that person's Dependent.
 - Second, the benefits under the COBRA or continuation coverage.
 - If the other Plan does not have the rule described here and if, as a result, the Plans do not agree on the order of benefits, this rule is ignored.
 7. **Longer/Shorter Length of Coverage.** If none of the above rules determines the order of benefits, the benefits of the Plan which covered an employee, member or subscriber longer are determined before those of the Plan which covered that person for the shorter time.

If none of the provisions stated above determine the Primary Plan, the Allowable Expenses shall be shared equally between the Plans.

Effect on Benefits - When Our Plan is secondary, We may reduce Our benefits so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to the Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its Plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.

Right to Recovery and Release of Necessary Information - For the purpose of determining applicability of and implementing the terms of this provision, We may, without further consent or notice, release to or obtain from any other insurance company or organization any information, with respect to any person, necessary for such purposes. Any person claiming benefits under Our coverage shall give Us the information We need to implement this provision. We will give notice of this exchange of claim and benefit information to the Insured Person when any claim is filed.

Facility of Payment and Recovery - Whenever payments which should have been made under our coverage have been made under any other Plans, We shall have the right to pay over to any organizations that made such other payments, any amounts that are needed in order to satisfy the intent of this provision. Any amounts so paid will be deemed to be benefits paid under Our coverage. To the extent of such payments, We will be fully discharged from Our liability.

Whenever We have made payments with respect to Allowable Expenses in total amount at any time, which are more than the maximum amount of payment needed at that time to satisfy the intent of this provision, We may recover such excess payments. Such excess payments may be received from among one or more of the following, as We determine: any persons to or for or with respect to whom such payments were made, any other insurers, service plans or any other organizations.

Section 9: Definitions

COINSURANCE means the percentage of Covered Medical Expenses that the Company pays.

COMPLICATION OF PREGNANCY means a condition: 1) caused by pregnancy; 2) requiring medical treatment prior to, or subsequent to termination of pregnancy; 3) the diagnosis of which is distinct from pregnancy; and 4) which constitutes

a classifiably distinct complication of pregnancy. A condition simply associated with the management of a difficult pregnancy is not considered a complication of pregnancy.

COVERED MEDICAL EXPENSES means reasonable charges which are: 1) not in excess of Usual and Customary Charges; 2) not in excess of the Preferred Allowance when the Policy includes Preferred Provider benefits and the charges are received from a Preferred Provider; 3) not in excess of the maximum benefit amount payable per service as specified in the Schedule of Benefits; 4) made for services and supplies not excluded under the Policy; 5) made for services and supplies which are a Medical Necessity; 6) made for services included in the Schedule of Benefits; and 7) in excess of the amount stated as a Deductible, if any.

Covered Medical Expenses will be deemed "incurred" only: 1) when the covered services are provided; and 2) when a charge is made to the Insured Person for such services.

CUSTODIAL CARE means services that are any of the following:

1. Non-health related services, such as assistance in activities.

Health-related services that are provided for the primary purpose of meeting the personal needs of the patient or maintaining a level of function (even if the specific services are considered to be skilled services), as opposed to improving that function to an extent that might allow for a more independent existence.
3. Services that do not require continued administration by trained medical personnel in order to be delivered safely and effectively.

DEDUCTIBLE means if an amount is stated in the Schedule of Benefits or any endorsement to the Policy as a deductible, it shall mean an amount to be subtracted from the amount or amounts otherwise payable as Covered Medical Expenses before payment of any benefit is made. The deductible will apply as specified in the Schedule of Benefits.

DEPENDENT means the legal spouse of the Named Insured and their dependent children. Coverage shall be provided on the same basis as other dependents for disabled children, adopted children, and children for whom the Named Insured or the Named Insured's spouse has been appointed legal guardian. Coverage for adopted children is effective from the date of placement without the application of any insurability requirements and continues unless the child is removed from placement prior to legal adoption. Disabled dependents (spouse and dependent children) may be added at any time and will be accepted without the application of any pre-existing condition limitation or insurability requirements. Dependent children are not required to reside with the Insured. A grandchild who is financially dependent upon an Insured grandparent and who resides with that Insured grandparent continuously from birth is a dependent.

Children shall cease to be dependent at the end of the month in which they attain the age of 26 years.

The attainment of the limiting age will not operate to terminate the coverage of such child while the child is and continues to be both:

1. Incapable of self-sustaining employment by reason of developmental disability, Mental Illness, or physical disability.
2. Chiefly dependent upon the Insured Person for support and maintenance.

Proof of such incapacity and dependency shall be furnished to the Company: 1) by the Named Insured; and, 2) within 31 days of the child's attainment of the limiting age. Subsequently, such proof must be given to the Company not more frequently than annually after the two-year period following the child's attainment of the limiting age.

The Insured Person must establish within 31 days of the limiting age that the child is and continues to be disabled in order to avoid a claim delay or denial.

ELECTIVE SURGERY OR ELECTIVE TREATMENT means those health care services or supplies that do not meet the health care need for a Sickness or Injury. Elective surgery or elective treatment includes any service, treatment or supplies that: 1) are deemed by the Company to be research or experimental; or 2) are not recognized and generally accepted medical practices in the United States.

EMERGENCY SERVICES means with respect to a Medical Emergency:

1. A medical screening examination that is within the capability of the emergency department of a Hospital, including ancillary services routinely available to the emergency department to evaluate such emergency medical condition; and
2. Such further medical examination and treatment to stabilize the patient to the extent they are within the capabilities of the staff and facilities available at the Hospital.

Habilitative services include occupational therapy, physical therapy, speech therapy, and other services for people with disabilities.

Habilitative services do not include Elective Surgery or Elective Treatment or services that are solely educational in nature or otherwise paid under state or federal law for purely educational services. Custodial Care, respite care, day care, therapeutic recreation, vocational training and residential treatment are not habilitative services.

A service that does not help the Insured Person to meet functional goals in a treatment plan within a prescribed time frame is not a habilitative service.

HOSPITAL means a licensed or properly accredited general hospital which: 1) is open at all times; 2) is operated primarily and continuously for the treatment of and surgery for sick and injured persons as inpatients; 3) is under the supervision of a staff of one or more legally qualified Physicians available at all times; 4) continuously provides on the premises 24 hour nursing service by Registered Nurses; 5) provides organized facilities for diagnosis and major surgery on the premises; and 6) is not primarily a clinic, nursing, rest or convalescent home.

3. A source of loss.
4. Treated by a Physician within 30 days after the date of accident.
5. Sustained while the Insured Person is covered under the Policy.

All injuries sustained in one accident, including all related conditions and recurrent symptoms of these injuries will be considered one injury. Injury does not include loss which results wholly or in part, directly or indirectly, from disease or other bodily infirmity. Covered Medical Expenses incurred as a result of an injury that occurred prior to the Policy's Effective Date will be considered a Sickness under the Policy.

INPATIENT means an uninterrupted confinement that follows formal admission to a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility by reason of an Injury or Sickness for which benefits are payable under the Policy.

INPATIENT REHABILITATION FACILITY means a long term acute inpatient rehabilitation center, a Hospital (or special unit of a Hospital designated as an inpatient rehabilitation facility) that provides rehabilitation health services on an Inpatient basis as authorized by law.

INSURED PERSON means: 1) the Named Insured; and, 2) Dependents of the Named Insured, if: 1) the Dependent is properly enrolled in the Policy, and 2) the appropriate Dependent premium has been paid. The term Insured also means Insured Person.

INTENSIVE CARE means: 1) a specifically designated facility of the Hospital that provides the highest level of medical care; and 2) which is restricted to those patients who are critically ill or injured. After exhausting the Internal Appeal process, and after receiving notice of an Adverse Determination or Final Adverse Determination, an Insured Person or Authorized Representative has 6 months to request an External Independent Review. The request for an External Review should be made in writing to the Commissioner. Upon request of an External Review, the Commissioner shall provide the Insured Person or the Authorized Representative with the appropriate forms to request the review.

Where to Send External Review Requests

All types of External Review requests shall be submitted to the Commissioner at the following address:

Minnesota Department of Commerce
Attn: Consumer Protection & Education Division
85 7th Place East, Suite 280
St. Paul, MN 55101

The Insured Person or Authorized Representative needs to submit a filing fee of \$25 along with the written request for an External Review. The fee may be waived by the Commissioner in cases of financial hardship and will be refunded if the Adverse Determination or Final Adverse Determination is completely reversed. No Insured may be subject to filing fees totaling more than \$75 during a Policy Year. The Company shall pay the cost of the External Review in excess of the filing fee.

Standard External Review (SER) Process

A Standard External Review request must be submitted in writing within 6 months of receiving a notice of the Company's Adverse Determination or Final Adverse Determination.

Nothing requires the Commissioner to independently investigate an Adverse Determination or Final Adverse Determination referred for External Independent Review.

1. Upon receiving a request for an External Review, the Commissioner shall assign an Independent Review Organization (IRO) on a random basis. The assigned IRO must provide immediate notice of the review to the Insured and the Company.
 - a. Within 10 business days of receiving notice of the review, the Company and the Insured must provide the IRO with any information that is required.
 - a. The IRO must furnish to the Company any additional information submitted by the Insured within 1 business day of receipt.

As part of the External Review process, any aspect of an External Review involving a medical determination must be performed by a health care professional with expertise in the medical issue being reviewed.

The IRO and the clinical reviewer assigned must not have a material professional, familial, or financial conflict of interest with: (1) the Company; (2) the Insured; (3) any officer, director or management employee of the Company; (4) a plan administrator, plan fiduciaries, or plan employees; (5) the health care provider, the health care provider's group, or practice association recommending treatment that is the subject of the External Review; (6) the facility at which the recommended treatment would be provided; or (7) the developer or manufacturer of the principal drug, device, procedure, or other therapy being recommended.

2. Within 45 days after receipt of the External Review request, the IRO shall provide written notice of its decision to uphold or reverse the Adverse Determination or Final Adverse Determination. The notice shall be sent to the Commissioner, the Company, the Insured Person and, if applicable, the Authorized Representative. Upon receipt of a notice of decision reversing the Adverse Determination or Final Adverse Determination, the Company shall immediately approve the coverage that was the subject of the Adverse Determination or Final Adverse Determination.

Expedited External Review (EER) Process

An Expedited External Review request may be submitted either orally or in writing when:

1. The Insured Person or an Authorized Representative may make a written or oral request for an Expedited External Review (EER) with the Commissioner at the time the Insured Person receives:
 - a. An Adverse Determination if:
 - The Insured Person or the Authorized Representative has filed a request for an Expedited Internal Review (EIR); and
 - The Adverse Determination involves a medical condition for which the timeframe for completing an EIR would seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person's ability to regain maximum function; or
 - b. A Final Adverse Determination, if:
 - The Insured Person has a medical condition for which the timeframe for completing a Standard External Review (SER) would seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person's ability to regain maximum function; or
 - The Final Adverse determination involves an admission, availability of care, continued stay or health care service for which the Insured Person received emergency services, but has not been discharged from a facility.

An EER may not be provided for retrospective Adverse Determinations or Final Adverse Determinations.

2. Upon receipt of an EER request, the Commissioner shall immediately send a copy of the request to the Company.
3. Upon receipt of a request for an EER, the Company shall immediately review the request to determine that:
 - a. The individual was an Insured Person covered under the Policy at the time the service was requested or provided;
 - b. The Insured Person has exhausted the Company's Internal Appeal Process, unless the Insured Person is not required to do so as specified in sub-sections 1. a. and b. shown above;
 - c. The Insured Person has provided all the information and forms necessary to process the request; and
 - d. The service in question: (i) is a Covered Medical Expense under the Policy; and (ii) is not covered because it does not meet the Company's requirements for Medical Necessity, appropriateness, health care setting, level of care or effectiveness.
4. Immediately after completion of the review, the Company shall notify the Commissioner, the Insured Person and the Authorized Representative, if applicable, whether the request is eligible for an EER.
 - a. If the request is not complete, the Company's response shall include what information or materials are needed to make the request complete;
 - b. If the request is not eligible, the Company's response shall include the reasons for ineligibility. The Insured Person and, if applicable, the Authorized Representative shall also be advised of the right to appeal the decision to the Commissioner.
5. When a request is complete and eligible for an EER, the Commissioner shall immediately assign an Independent Review Organization (IRO) from the Commissioner's approved list and notify the Company of the name of the assigned IRO.
 - a. The Company shall provide or transmit all necessary documents and information considered in making the Adverse Determination or Final Adverse Determination.
 - b. All documents shall be submitted to the IRO electronically, by telephone, via facsimile, or by any other expeditious method.
6. a. If the EER is related to an Adverse Determination for which the Insured Person or the Authorized Representative filed the EER concurrently with an Expedited Internal Review (EIR) request, then the IRO will determine whether the Insured Person shall be required to complete the EIR prior to conducting the EER.
 - b. The IRO shall immediately notify the Insured Person and the Authorized Representative, if applicable, that the IRO will not proceed with EER until the Company completes the EIR and the Insured Person's grievance remains unresolved at the end of the EIR process.
7. In no more than 72 hours after receipt of the qualifying EER request, the IRO shall:
 - a. Make a decision to uphold or reverse the Adverse Determination or Final Adverse Determination; and
 - b. Notify the Commissioner, the Company, the Insured Person, and, if applicable, the Authorized Representative.
8. Upon receipt of a notice of decision reversing the Adverse Determination or Final Adverse Determination, the Company shall immediately approve the coverage that was the subject of the Adverse Determination or Final Adverse Determination.

Standard Experimental or Investigational Treatment External Review (SEIER) Process

An Insured Person, or an Insured Person's Authorized Representative, may submit a request for an Experimental or Investigational External Review when the denial of coverage is based on a determination that the recommended or requested health care service or treatment is experimental or investigational.

A request for a Standard Experimental or Investigational External Review must be submitted in writing within 4 months of receiving a notice of the Company's Adverse Determination or Final Adverse Determination.

1. For an Adverse Determination or a Final Adverse Determination that involves denial of coverage based on a determination that the health care service or treatment recommended or requested is experimental or investigational, an Insured Person or an Authorized Representative may submit a request for a Standard Experimental or Investigational Treatment External Review (SEIER) with the Commissioner.
2. Upon receipt of an SEIER request, the Commissioner shall immediately send a copy of the request to the Company.
3. Within 5 business days after receiving the SEIER request notice, the Company will complete a preliminary review to determine that:
 - a. The individual was an Insured Person covered under the Policy at the time the service was recommended, requested or provided;
 - b. The recommended or requested health care services or treatment:
 - Is a Covered Medical Expense under the Insured Person's Policy except for the Company's determination that the service or treatment is experimental or investigational for a particular medical condition; and
 - Is not explicitly listed as an Exclusion or Limitation under the Insured Person's Policy;
 - c. The Insured Person's treating Physician has certified that one of the following situations is applicable:
 - Standard health care services or treatments have not been effective in improving the condition of the Insured Person;
 - Standard health care services or treatments are not medically appropriate for the Insured Person;
 - There is no available standard health care service or treatment covered by the Company that is more beneficial than the recommended or requested health care service or treatment;
 - d. The Insured Person's treating Physician:
 - Has recommended a health care service or treatment that the Physician certified, in writing, is likely to be more beneficial to the Insured Person, in the Physician's opinion, than any available standard health care services or treatments; or
 - Who is a licensed, board certified or board eligible Physician qualified to practice in the area of medicine appropriate to treat the Insured Person's condition, has certified in writing that scientifically valid studies using acceptable protocols demonstrate that the health care service or treatment requested by the Insured Person is likely to be more beneficial to the Insured Person than any available standard health care services or treatments;
 - e. The Insured Person has exhausted the Company's Internal Appeal Process; and
 - f. The Insured Person has provided all the information and forms necessary to process the request.
4. Within 1 business day after completion of the preliminary review, the Company shall notify the Commissioner, the Insured Person and, if applicable, the Authorized Representative in writing whether the request is complete and eligible for a SEIER.
 - a. If the request is not complete, the Company's response shall include what information or materials are needed to make the request complete; or
 - b. If the request is not eligible, the Company response shall include the reasons for ineligibility. The Insured Person and, if applicable, the Authorized Representative shall also be advised of the right to appeal the decision to the Commissioner.
5. After receiving notice that a request is eligible for SEIER, the Commissioner shall, within 1 business day:
 - a. Assign an IRO from the Commissioner's approved list;
 - b. Notify the Company of the name of the assigned IRO; and
 - c. Notify the Insured Person and, if applicable, the Authorized Representative, that the request has been accepted. This notice shall include: (i) the name of the IRO; and (ii) a statement that the Insured Person or the Authorized Representative may, within 5 business days following receipt of the notice, submit additional information to the IRO for consideration when conducting the review.
6.
 - a. The Company shall, within 5 business days, provide the IRO with any documents and information the Company considered in making the Adverse Determination or Final Adverse Determination. The Company's failure to provide the documents and information will not delay the SEIER.
 - b. If the Company fails to provide the documents and information within the required time frame, the IRO may terminate the review and may reverse the Adverse Determination or Final Adverse Determination. Upon making this decision, the IRO shall immediately advise the Commissioner, the Company, the Insured Person, and the Authorized Representative, if any, of its decision.
7. The IRO shall review all written information and documents submitted by the Company and the Insured Person or the Authorized Representative.
8. If the IRO receives any additional information from the Insured Person or the Authorized Representative, the IRO must forward the information to the Company within 1 business day.

- a. The Company may then reconsider its Adverse Determination or Final Adverse Determination. Reconsideration by the Company shall not delay or terminate the SEIER.
 - b. The SEIER may only be terminated if the Company decides to reverse its Adverse Determination or Final Adverse Determination and provide coverage for the service that is the subject of the SEIER.
 - c. If the Company reverses its decision, the Company shall immediately provide written notification to the Commissioner, the Insured Person, the Authorized Representative, if applicable, and the IRO. Upon written notice from the Company, the IRO will terminate the SEIER.
9. After completion of the IRO's review, upon receipt of a notice of decision reversing the Adverse Determination or Final Adverse Determination, the Company shall immediately approve the coverage of the recommended or requested health care service or treatment that was the subject of the Adverse Determination or Final Adverse Determination.

Expedited Experimental or Investigational Treatment External Review (EEIER) Process

An Insured Person, or an Insured Person's Authorized Representative, may submit an oral request for an Expedited Experimental or Investigational External Review when:

1. An Insured Person or an Authorized Representative may make an oral request for an Expedited Experimental or Investigational Treatment External Review (EEIER) with the Commissioner at the time the Insured Person receives:
 - a. An Adverse Determination if:
 - The Insured Person or the Authorized Representative has filed a request for an Expedited Internal Review (EIR); and
 - The Adverse Determination involves a denial of coverage based on a determination that the recommended or requested health care service or treatment is experimental or investigational and the Insured Person's treating physician certifies in writing that the recommended or requested health care service or treatment would be significantly less effective if not promptly initiated; or
 - b. A Final Adverse Determination, if:
 - The Insured Person has a medical condition for which the timeframe for completing a Standard External Review (SER) would seriously jeopardize the life or health of the Insured Person or jeopardize the Insured Person's ability to regain maximum function; or
 - The Final Adverse Determination is based on a determination that the recommended or requested health care service or treatment is experimental or investigational and the Insured Person's treating Physician certifies in writing that the recommended or requested health care service or treatment would be significantly less effective if not promptly initiated.

An EEIER may not be provided for retrospective Adverse Determinations or Final Adverse Determinations.

2. Upon receipt of an EEIER request, the Commissioner shall immediately send a copy of the request to the Company.
3. Upon receipt of an EEIER request notice, the Company shall immediately complete a preliminary review to determine that:
 - a. The individual was an Insured Person covered under the Policy at the time the service was recommended or provided;
 - b. The recommended or requested health care services or treatment:
 - Is a Covered Medical Expense under the Insured Person's Policy except for the Company's determination that the service or treatment is experimental or investigational for a particular medical condition; and
 - Is not explicitly listed as an Exclusion or Limitation under the Insured Person's Policy;
 - c. The Insured Person's treating Physician has certified that one of the following situations is applicable:
 - Standard health care services or treatments have not been effective in improving the condition of the Insured Person;
 - Standard health care services or treatments are not medically appropriate for the Insured Person;
 - There is no available standard health care service or treatment covered by the Company that is more beneficial than the recommended or requested health care service or treatment;
 - d. The Insured Person's treating Physician:
 - Has recommended a health care service or treatment that the Physician certified, in writing, is likely to be more beneficial to the Insured Person, in the Physician's opinion, than any available standard health care services or treatments; or
 - Who is a licensed, board certified or board eligible Physician qualified to practice in the area of medicine appropriate to treat the Insured Person's condition, has certified in writing that scientifically valid studies using acceptable protocols demonstrate that the health care service or treatment requested by the Insured Person is likely to be more beneficial to the Insured Person than any available standard health care services or treatments;

- e. The Insured Person has exhausted the Company's Internal Appeal Process unless the Insured person is not required to do so as specified in sub-sections 1. a. and b. above; and
- f. The Insured Person has provided all the information and forms necessary to process the request.
4. The Company shall immediately notify the Commissioner, the Insured Person and, if applicable, the Authorized Representative in writing whether the request is complete and eligible for an EEIER.
 - a. If the request is not complete, the Company's response shall include what information or materials are needed to make the request complete; or
 - b. If the request is not eligible, the Company's response shall include the reasons for ineligibility. The Insured Person and, if applicable, the Authorized Representative shall also be advised of the right to appeal the decision to the Commissioner.
5. After receiving notice that a request is eligible for EEIER, the Commissioner shall immediately:
 - a. Assign an IRO from the Commissioner's approved list; and
 - b. Notify the Company of the name of the assigned IRO.
6. The Company shall provide or transmit all necessary documents and information considered in making the Adverse Determination or Final Adverse Determination. All documents shall be submitted to the IRO electronically, by telephone, via facsimile, or by any other expeditious method.
7. a. If the EEIER is related to an Adverse Determination for which the Insured Person or the Authorized Representative filed the EEIER concurrently with an Expedited Internal Review (EIR) request, then the IRO will determine whether the Insured Person shall be required to complete the EIR prior to conducting the EEIER.
 - b. The IRO shall immediately notify the Insured Person and the Authorized Representative, if applicable, that the IRO will not proceed with EEIER until the Company completes the EIR and the Insured Person's grievance remains unresolved at the end of the EIR process.
8. a. The Company shall, within 5 business days, provide the IRO with any documents and information the Company considered in making the Adverse Determination or Final Adverse Determination. The Company's failure to provide the documents and information will not delay the EEIER.
 - b. If the Company fails to provide the documents and information within the required time frame, the IRO may terminate the review and may reverse the Adverse Determination or Final Adverse Determination. Upon making this decision, the IRO shall immediately advise the Commissioner, the Company, the Insured Person, and the Authorized Representative, if any, of its decision.
9. Each clinical reviewer assigned by the IRO shall review all written information and documents submitted by the Company and the Insured Person or the Authorized Representative.
10. If the IRO receives any additional information from the Insured Person or the Authorized Representative, the IRO must forward the information to the Company within 1 business day.
 - a. The Company may then reconsider its Adverse Determination or Final Adverse Determination. Reconsideration by the Company shall not delay or terminate the EEIER.
 - b. The EEIER may only be terminated if the Company decides to reverse its Adverse Determination or Final Adverse Determination and provide coverage for the service that is the subject of the EEIER.
 - c. If the Company reverses its decision, the Company shall immediately provide written notification to the Commissioner, the Insured Person, the Authorized Representative, if applicable, and the IRO. Upon written notice from the Company, the IRO will terminate the EEIER.
11. Each clinical reviewer shall provide an oral or written opinion to the IRO no later than 5 calendar days after being selected by the IRO.
12. The IRO shall make a decision and provide oral or written notice of its decision within 48 hours after receipt of the opinions from each clinical reviewer.
13. Upon receipt of the IRO's notice of decision reversing the Adverse Determination or Final Adverse Determination, the Company shall immediately approve the coverage of the recommended or requested health care service or treatment that was the subject of the Adverse Determination or Final Adverse Determination.

BINDING EXTERNAL REVIEW

An External Review decision is binding on the Company except to the extent the Company has other remedies available under state law. An External Review decision is binding on the Insured Person to the extent the Insured Person has other remedies available under applicable federal or state law. An Insured Person or an Authorized Representative may not file a subsequent request for External Review involving the same Adverse Determination or Final Adverse Determination for which the Insured Person has already received an External Review decision.

For the purpose of this Notice of Appeal Rights, the following terms are defined as shown below:

Adverse Determination means:

1. A determination by the Company that, based upon the information provided, a request for benefits under the Policy does not meet the Company's requirements for Medical Necessity, appropriateness, health care setting,

level of care, or effectiveness, or is determined to be experimental or investigational, and the requested benefit is denied, reduced, in whole or in part, or terminated;

2. A denial, reduction, in whole or in part, or termination based on the Company's determination that the individual was not eligible for coverage under the Policy as an Insured Person;

4. In the case of an urgent care request, a health care professional with knowledge of the Insured Person's medical condition.

Evidenced-based Standard means the conscientious, explicit and judicious use of the current best evidence based on the overall systematic review of the research in making decisions about the care of individual patients.

Urgent Care Request means a request for a health care service or course of treatment with respect to which the time periods for making a non-urgent care request determination:

1. Could seriously jeopardize the life or health of the Insured Person or the ability of the Insured Person to regain maximum function; or
2. In the opinion of a physician with knowledge of the Insured Person's medical condition, would subject the Insured Person to severe pain that cannot be adequately managed without the health care service or treatment that is the subject of the request.

Section 19: Pediatric Dental Services Benefits

Benefits are provided for Covered Dental Services, as described below, for Insured Persons under the age of 19. Benefits terminate on the earlier of: 1) last day of the month the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the Policy terminates.

Section 1: Accessing Pediatric Dental Services

Network and Non-Network Benefits

Network Benefits - these benefits apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from a non-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service in excess of the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured Person must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always verify the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. The Insured Person can verify the participation status by calling the Company and/or the provider. If necessary, the Company can provide assistance in referring the Insured Person to Network Dental Provider.

The Company will make a *Directory of Network Dental Providers* available to the Insured Person. The Insured Person can also call *Customer Service* at 877-816-3596 to determine which providers participate in the Network. The telephone number for *Customer Service* is also on the Insured's ID card.

Non-Network Benefits - these benefits apply when Covered Dental Services are obtained from non-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Non-Network Benefits are determined based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by a non-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. As a result, Insured Persons may be required to pay a non-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee. In addition, when Covered Dental Services are obtained from non-Network Dental Providers, the Insured Person must file a claim with the Company to be reimbursed for Eligible Dental Expenses.

Covered Dental Services

The Insured Person is eligible for benefits for Covered Dental Services if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment, for a dental disease does not mean that the procedure or treatment is a Covered Dental Service.

Pre-Treatment Estimate

If the charge for a Dental Service is expected to exceed \$500 or if a dental exam reveals the need for fixed bridgework, the Insured Person may notify the Company of such treatment before treatment begins and receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the Policy. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be assigned a benefit based on the less costly procedure.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

Pre-Authorization

Pre-authorization is required for all orthodontic services. The Insured Person should speak to the Dental Provider about obtaining a pre-authorization before Dental Services are rendered. If the Insured Person does not obtain a pre-authorization, the Company has a right to deny the claim for failure to comply with this requirement.

Section 2: Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this Section when such services are:

- A. Necessary.
- B. Provided by or under the direction of a Dental Provider.
- C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be assigned a benefit based on the least costly procedure.
- D. Not excluded as described in *Section 3: Pediatric Dental Exclusions*.

Benefits for Covered Dental Services are subject to satisfaction of the Dental Services Deductible.

Network Benefits:

Benefits for Eligible Dental Expenses are determined as a percentage of the negotiated contract fee between the Company and the provider rather than a percentage of the provider's billed charge. The Company's negotiated rate with the provider is ordinarily lower than the provider's billed charge.

A Network provider cannot charge the Insured Person or the Company for any service or supply that is not Necessary as determined by the Company. If the Insured Person agrees to receive a service or supply that is not Necessary the Network provider may charge the Insured Person. However, these charges will not be considered Covered Dental Services and benefits will not be payable.

Non-Network Benefits:

Benefits for Eligible Dental Expenses from non-Network providers are determined as a percentage of the Usual and Customary Fees. The Insured Person must pay the amount by which the non-Network provider's billed charge exceeds the Eligible Dental Expense.

Dental Services Deductible

Benefits for pediatric Dental Services are not subject to the Policy Deductible stated in the Policy Schedule of Benefits. Instead, benefits for pediatric Dental Services are subject to a separate Dental Services Deductible.

For any combination of Network and Non-Network Benefits, the Dental Services Deductible per Policy Year is \$500 per Insured Person.

Out-of-Pocket Maximum - any amount the Insured Person pays in Coinsurance for pediatric Dental Services applies to the Out-of-Pocket Maximum stated in the Policy Schedule of Benefits.

Benefits

Dental Services Deductibles are calculated on a Policy Year basis.

When benefit limits apply, the limit stated refers to any combination of Network Benefits and Non-Network Benefits unless otherwise specifically stated.

Benefit limits are calculated on a Policy Year basis unless otherwise specifically stated.

Section 5: Defined Terms for Pediatric Dental Services

The following definitions are in addition to those listed in the Definitions section of the Certificate of Coverage:

Covered Dental Service – a Dental Service or Dental Procedure for which benefits are provided under this section.

Dental Emergency - a dental condition or symptom resulting from dental disease which arises suddenly and, in the judgment of a reasonable person, requires immediate care and treatment, and such treatment is sought or received within 24 hours of onset.

Dental Provider - any dentist or dental practitioner who is duly licensed and qualified under the law of jurisdiction in which treatment is received to render Dental Services, perform dental surgery or administer anesthetics for dental surgery.

Dental Service or Dental Procedures - dental care or treatment provided by a Dental Provider to the Insured Person while the Policy is in effect, provided such care or treatment is recognized by the Company as a generally accepted form of care or treatment according to prevailing standards of dental practice.

Dental Services Deductible - the amount the Insured Person must pay for Covered Dental Services in a Policy Year before the Company will begin paying for Network or Non-Network Benefits in that Policy Year.

Eligible Dental Expenses - Eligible Dental Expenses for Covered Dental Services, incurred while the Policy is in effect, are determined as stated below:

- For Network Benefits, when Covered Dental Services are received from Network Dental Providers, Eligible Dental Expenses are the Company's contracted fee(s) for Covered Dental Services with that provider.
- For Non-Network Benefits, when Covered Dental Services are received from Non-Network Dental Providers, Eligible Dental Expenses are the Usual and Customary Fees, as defined below.

Experimental, Investigational, or Unproven Service - medical, dental, surgical, diagnostic, or other health care services, technologies, supplies, treatments, procedures, drug therapies or devices that, at the time the Company makes a determination regarding coverage in a particular case, is determined to be:

- Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use; or
- Subject to review and approval by any institutional review board for the proposed use; or
- The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2, or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight; or
- Not determined through prevailing peer-reviewed professional literature to be safe and effective for treating or diagnosing the condition or Sickness for which its use is proposed.

Foreign Services - services provided outside the U.S. and U.S. Territories.

Necessary - Dental Services and supplies under this section which are determined by the Company through case-by-case assessments of care based on accepted dental practices to be appropriate and are all of the following:

- Necessary to meet the basic dental needs of the Insured Person.
- Rendered in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Service.
- Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies that are accepted by the Company.
- Consistent with the diagnosis of the condition.
- Required for reasons other than the convenience of the Insured Person or his or her Dental Provider.

- Demonstrated through prevailing peer-reviewed dental literature to be either:
 - Safe and effective for treating or diagnosing the condition or sickness for which their use is proposed; or
 - Safe with promising efficacy
 - ♦ For treating a life threatening dental disease or condition.
 - ♦ Provided in a clinically controlled research setting.
 - ♦ Using a specific research protocol that meets standards equivalent to those defined by the National Institutes of Health.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this section. The definition of Necessary used in this section relates only to benefits under this section and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

Network - a group of Dental Providers who are subject to a participation agreement in effect with the Company, directly or through another entity, to provide Dental Services to Insured Persons. The participation status of providers will change from time to time.

Network Benefits - benefits available for Covered Dental Services when provided by a Dental Provider who is a Network Dentist.

Non-Network Benefits - benefits available for Covered Dental Services obtained from Non-Network Dentists.

Usual and Customary Fee - Usual and Customary Fees are calculated by the Company based on available data resources of competitive fees in that geographic area.

Usual and Customary Fees must not exceed the fees that the provider would charge any similarly situated payor for the same services.

Usual and Customary Fees are determined solely in accordance with the Company's reimbursement policy guidelines. The Company's reimbursement policy guidelines are developed by the Company, in its discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (publication of the American Dental Association).
- As reported by generally recognized professionals or publications.
- As utilized for Medicare.
- As determined by medical or dental staff and outside medical or dental consultants.
- Pursuant to other appropriate source or determination that the Company accepts.

Section 1: Benefits for Pediatric Vision Care Services

Benefits are available for pediatric Vision Care Services from a Spectera Eyecare Networks or non-Network Vision Care Provider. To find a Spectera Eyecare Networks Vision Care Provider, the Insured Person may call the provider locator service at 1-800-839-3242. The Insured Person may also access a listing of Spectera Eyecare Networks Vision Care Providers on the Internet at www.myuhcvision.com.

When Vision Care Services are obtained from a non-Network Vision Care Provider, the Insured Person will be required to pay all billed charges at the time of service. The Insured Person may then seek reimbursement from the Company as described under *Section 3: Claims for Vision Care Services*. Reimbursement will be limited to the amounts stated below.

When obtaining these Vision Care Services from a Spectera Eyecare Networks Vision Care Provider, the Insured Person will be required to pay any Copayments at the time of service.

Network Benefits:

Benefits for Vision Care Services are determined based on the negotiated contract fee between the Company and the Vision Care Provider. The Company's negotiated rate with the Vision Care Provider is ordinarily lower than the Vision Care Provider's billed charge.

Non-Network Benefits:

Benefits for Vision Care Services from non-Network providers are determined as a percentage of the provider's billed charge.

Out-of-Pocket Maximum - any amount the Insured Person pays in Coinsurance for Vision Care Services applies to the Out-of-Pocket Maximum stated in the Policy *Schedule of Benefits*. Any amount the Insured Person pays in Copayments for Vision Care Services applies to the Out-of-Pocket Maximum stated in the Policy *Schedule of Benefits*.

Policy Deductible

Benefits for pediatric Vision Care Services are not subject to any Policy Deductible stated in the Policy *Schedule of Benefits*. Any amount the Insured Person pays in Copayments for Vision Care Services does not apply to the Policy Deductible stated in the Policy *Schedule of Benefits*.

- Ophthalmoscopic examination of the internal eye.
- Confrontation visual fields.
- Biomicroscopy.
- Color vision testing.

Spectera Eyecare Networks - any optometrist, ophthalmologist, optician or other person designated by the Company who provides Vision Care Services for which benefits are available under the Policy.

Vision Care Provider - any optometrist, ophthalmologist, optician or other person who may lawfully provide Vision Care Services.

Section 21: UnitedHealthcare Pharmacy (UHCP) Prescription Drug Benefits

Benefits are available for Prescription Drug Products when dispensed at a UHCP Network Pharmacy as specified in the Policy Schedule of Benefits subject to all terms of the Policy and the provisions, definitions and exclusions specified in this section.

Benefits for Prescription Drug Products are subject to supply limits and Copayments and/or Coinsurance or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is listed. Refer to the Policy Schedule of Benefits for applicable supply limits and Copayments and/or Coinsurance requirements.

Benefit for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Medical Expense.

Benefits are available for refills of Prescription Drug Products only when dispensed as ordered by a Physician and only after $\frac{3}{4}$ of the original Prescription Drug Product has been used.

The Insured must present their ID card to the Network Pharmacy when the prescription is filled. If the Insured does not present their ID card to the Network Pharmacy, they will need to pay for the Prescription Drug and then submit a reimbursement form along with the paid receipts in order to be reimbursed. Insureds may obtain reimbursement forms by visiting www.uhcsr.com and logging in to their online account or by calling *Customer Service* at 1-855-828-7716.

Information on Network Pharmacies is available through the Internet at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716.

When prescriptions are filled at pharmacies outside a Network Pharmacy, the Insured must pay for the Prescription Drugs out of pocket and submit the receipts for reimbursement as described in the How to File a Claim for Injury and Sickness Benefits section in the Certificate of Coverage.

Copayment and/or Coinsurance Amount

For Prescription Drug Products at a retail Network Pharmacy, Insured Persons are responsible for paying the lowest of:

- The applicable Copayment and/or Coinsurance.
- The Network Pharmacy's Usual and Customary Fee for the Prescription Drug Product.
- The Prescription Drug Charge for that Prescription Drug Product.

For Prescription Drug Products from a mail order Network Pharmacy, Insured Persons are responsible for paying the lower of:

- The applicable Copayment and/or Coinsurance; or
- The Prescription Drug Charge for that Prescription Drug Product.

The Insured Person is not responsible for paying a Copayment and/or Coinsurance for Preventive Care Medications.

Supply Limits

Benefits for Prescription Drug Products are subject to supply limits as written by the Physician and the supply limits that are stated in the Policy Schedule of Benefits, unless adjusted based on the drug manufacturer's packaging size. For a single Copayment and/or Coinsurance, the Insured may receive a Prescription Drug Product up to the stated supply limit.

When a Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

When a Prescription Drug Product is dispensed from a mail order Network Pharmacy, the Prescription Drug Product is subject to the supply limit stated in the Policy Schedule of Benefits, unless adjusted based on the drug manufacturer's packaging size, or based on supply limits.

Note: Some products are subject to additional supply limits based on criteria that the Company has developed, subject to its periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply or may require that a minimum amount be dispensed.

The Insured may determine whether a Prescription Drug Product has been assigned a maximum quantity level for dispensing through the Internet at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716.

If a Brand-name Drug Becomes Available as a Generic

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug may change, and therefore the Copayment and/or Coinsurance may change or the Insured will no longer have benefits for that particular Brand-name Prescription Drug Product.

Designated Pharmacies

If the Insured requires certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, the Company may direct the Insured to a Designated Pharmacy with whom the Company has an arrangement to provide those Prescription Drug Products.

If the Insured is directed to a Designated Pharmacy and chooses not to obtain their Prescription Drug Product from a Designated Pharmacy, the Insured may opt-out of the Designated Pharmacy program through the Internet at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716. If the Insured opts-out of the program and fills their Prescription Drug Product at a non-Designated Pharmacy but does not inform the Company, the Insured will be responsible for the entire cost of the Prescription Drug Product.

If the Insured is directed to a Designated Pharmacy and has informed the Company of their decision not to obtain their Prescription Drug Product from a Designated Pharmacy, no benefits will be paid for that Prescription Drug Product, or, for a Specialty Prescription Drug Product, if the Insured chooses to obtain their Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, the Insured will be required to pay 2 times the retail Network Pharmacy Copayment and/or 2 times the retail Network Pharmacy Coinsurance (up to 50% of the Prescription Drug Charge) based on the applicable tier.

Specialty Prescription Drug Products

Benefits are provided for Specialty Prescription Drug Products.

If the Insured requires Specialty Prescription Drug Products, the Company may direct the Insured to a Designated Pharmacy with whom the Company has an arrangement to provide those Specialty Prescription Drug Products.

If the Insured is directed to a Designated Pharmacy and the Insured has informed the Company of their decision not to obtain their Specialty Prescription Drug Product from a Designated Pharmacy, and the Insured chooses to obtain their Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, the Insured will be required to pay 2 times the retail Network Pharmacy Copayment and/or 2 times the retail Network Pharmacy Coinsurance (up to 50% of the Prescription Drug Charge) based on the applicable tier.

The Company designates certain Network Pharmacies to be Preferred Specialty Network Pharmacies. The Company may periodically change the Preferred Specialty Network Pharmacy designation of a Network Pharmacy. These changes may occur without prior notice to the Insured unless required by law. The Insured may determine whether a Network Pharmacy is a Preferred Specialty Network Pharmacy through the Internet at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716.

If the Insured chooses to obtain their Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, the Insured will be required to pay 2 times the retail Network Pharmacy Copayment and/or 2 times the retail Network Pharmacy Coinsurance (up to 50% of the Prescription Drug Charge) based on the applicable tier.

Please see the Definitions Section for a full description of Specialty Prescription Drug Product and Designated Pharmacy.

The following supply limits apply to Specialty Prescription Drug Products.

As written by the Physician, up to a consecutive 31-day supply of a Specialty Prescription Drug Product, unless adjusted based on the drug manufacturer's packaging size, or based on supply limits.

When a Specialty Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

If a Specialty Prescription Drug Product is provided for less than or more than a 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

Supply limits apply to Specialty Prescription Drug Products obtained at a Preferred Specialty Network Pharmacy, a Non-Preferred Specialty Network Pharmacy, a mail order Network Pharmacy or a Designated Pharmacy.

Notification Requirements

Before certain Prescription Drug Products are dispensed at a Network Pharmacy, either the Insured's Physician, Insured's pharmacist or the Insured is required to notify the Company or the Company's designee. The reason for notifying the Company is to determine whether the Prescription Drug Product, in accordance with the Company's approved guidelines, is each of the following:

- It meets the definition of a Covered Medical Expense.
- It is not an Experimental or Investigational or Unproven Service.

If the Company is not notified before the Prescription Drug Product is dispensed, the Insured may pay more for that Prescription Order or Refill. The Prescription Drugs requiring notification are subject to Company periodic review and modification. There may be certain Prescription Drug Products that require the Insured to notify the Company directly rather than the Insured's Physician or pharmacist. The Insured may determine whether a particular Prescription Drug requires notification through the Internet at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716.

If the Company is not notified before the Prescription Drug Product is dispensed, the Insured can ask the Company to consider reimbursement after the Insured receives the Prescription Drug Product. The Insured will be required to pay for the Prescription Drug Product at the pharmacy.

When the Insured submits a claim on this basis, the Insured may pay more because they did not notify the Company before the Prescription Drug Product was dispensed. The amount the Insured is reimbursed will be based on the Prescription Drug Charge, less the required Copayment and/or Coinsurance and any Deductible that applies.

Benefits may not be available for the Prescription Drug Product after the Company reviews the documentation provided and determines that the Prescription Drug Product is not a Covered Medical Expense or it is an Experimental or Investigational or Unproven Service.

Limitation on Selection of Pharmacies

If the Company determines that an Insured Person may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, the Insured Person's selection of Network Pharmacies may be limited. If this happens, the Company may require the Insured to select a single Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if the Insured uses the designated single Network Pharmacy. If the Insured does not make a selection within 31 days of the date the Company notifies the Insured, the Company will select a single Network Pharmacy for the Insured.

Coverage Policies and Guidelines

The Company's Prescription Drug List (PDL) Management Committee is authorized to make tier placement changes on its behalf. The PDL Management Committee makes the final classification of an FDA-approved Prescription Drug Product to a certain tier by considering a number of factors including, but not limited to, clinical and economic factors. Clinical factors may include, but are not limited to, evaluations of the place in therapy, relative safety or relative efficacy of the Prescription Drug Product, as well as whether supply limits or notification requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product's acquisition cost including, but not limited to, available rebates and assessments on the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for specific indications as compared to others, therefore; a Prescription Drug may be listed on multiple tiers according to the indication for which the Prescription Drug Product was prescribed.

The Company may periodically change the placement of a Prescription Drug Product among the tiers. These changes generally will occur quarterly, but no more than six times per calendar year. These changes may occur without prior notice to the Insured.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Insured Persons as a general population. Whether a particular Prescription Drug Product is appropriate for an individual Insured Person is a determination that is made by the Insured Person and the prescribing Physician.

NOTE: The tier status of a Prescription Drug Product may change periodically based on the process described above. As a result of such changes, the Insured may be required to pay more or less for that Prescription Drug Product. Please access www.uhcsr.com through the Internet or call *Customer Service* at 1-855-828-7716 for the most up-to-date tier status.

Rebates and Other Payments

The Company may receive rebates for certain drugs included on the Prescription Drug List. The Company does not pass these rebates on to the Insured Person, nor are they applied to the Insured's Deductible or taken into account in determining the Insured's Copayments and/or Coinsurance.

The Company, and a number of its affiliated entities, conducts business with various pharmaceutical manufacturers separate and apart from this Prescription Drug section. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this Prescription Drug Benefit. The Company is not required to pass on to the Insured, and does not pass on to the Insured, such amounts.

Definitions

Brand-name means a Prescription Drug: (1) which is manufactured and marketed under a trademark or name by a specific drug manufacturer; or (2) that the Company identifies as a Brand-name product, based on available data resources including, but not limited to, First DataBank, that classify drugs as either brand or generic based on a number of factors. Chemically Equivalent means when Prescription Drug Products contain the same active ingredient.

Designated Pharmacy means a pharmacy that has entered into an agreement with the Company or with an organization contracting on the Company's behalf, to provide specific Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products. The fact that a pharmacy is a Network Pharmacy does not mean that it is a Designated Pharmacy.

Experimental or Investigational Services means medical, surgical, diagnostic, psychiatric, mental health, substance-related and addictive disorders or other health care services, technologies, supplies, treatments, procedures, drug therapies, medications, or devices that, at the time the Company makes a determination regarding coverage in a particular case, are determined to be any of the following:

- Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use.
- Subject to review and approval by any institutional review board for the proposed use. (Devices which are FDA approved under the *Humanitarian Use Device* exemption are not considered to be Experimental or Investigational.)
- The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2 or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight.

Exceptions:

- Clinical trials for which benefits are specifically provided for in the Policy.
- If the Insured is not a participant in a qualifying clinical trial as specifically provided for in the Policy, and has an Injury or Sickness that is likely to cause death within one year of the request for treatment) the Company may, in its discretion, consider an otherwise Experimental or Investigational Service to be a Covered Medical Expense for that Injury or Sickness. Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

Generic means a Prescription Drug Product: (1) that is Chemically Equivalent to a Brand-name drug; or (2) that the Company identifies as a Generic product based on available data resources including, but not limited to, Medi-Span or First DataBank, that classify drugs as either brand or generic based on a number of factors. The Insured should know that all products identified as a "generic" by the manufacturer, pharmacy or Insured's Physician may not be classified as a Generic by the Company.

- The date it is assigned to a tier by the Company's PDL Management Committee.
- December 31st of the following calendar year.

Non-Preferred Specialty Network Pharmacy means a specialty Network Pharmacy that the Company identifies as a non-preferred pharmacy within the network.

Preferred Specialty Network Pharmacy means a specialty Network Pharmacy that the Company identifies as a preferred pharmacy within the network.

Prescription Drug or Prescription Drug Product means a medication or product that has been approved by the U.S. Food and Drug Administration and that can, under federal or state law, be dispensed only pursuant to a Prescription Order or Refill. A Prescription Drug Product includes a medication that, due to its characteristics, is appropriate for self-administration or administration by a non-skilled caregiver. For the purpose of the benefits under the Policy, this definition includes:

- Inhalers.
- Insulin.
- The following diabetic supplies:
 - standard insulin syringes with needles;
 - blood-testing strips - glucose;

- urine-testing strips - glucose;
- ketone-testing strips and tablets;
- lancets and lancet devices; and
- glucose monitors.

Prescription Drug Charge means the rate the Company has agreed to pay the Network Pharmacies, including a dispensing fee and any applicable sales tax, for a Prescription Drug Product dispensed at a Network Pharmacy.

Prescription Drug List means a list that categorizes into tiers medications or products that have been approved by the U.S. Food and Drug Administration. This list is subject to the Company's periodic review and modification (generally quarterly, but no more than six times per calendar year). The Insured may determine to which tier a particular Prescription Drug Product has been assigned through the Internet at www.uhcsr.com or call Customer Service at 1-855-828-7716.

Prescription Drug List Management Committee means the committee that the Company designates for, among other responsibilities, classifying Prescription Drugs into specific tiers.

Prescription Order or Refill means the directive to dispense a Prescription Drug Product issued by a Physician whose scope of practice permits issuing such a directive.

- Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force.
- With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration.
- With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the Health Resources and Services Administration.

The Insured may determine whether a drug is a Preventive Care Medication through the internet at www.uhcsr.com or by calling *Customer Service* at 1-855-828-7716.

Specialty Prescription Drug Product means Prescription Drug Products that are generally high cost, self-injectable biotechnology drugs used to treat patients with certain illnesses. Insured Persons may access a complete list of Specialty Prescription Drug Products through the Internet at www.uhcsr.com or call Customer Service at 1-855-828-7716.

Therapeutically Equivalent means when Prescription Drugs Products have essentially the same efficacy and adverse effect profile.

Unproven Service(s) means services, including medications that are determined not to be effective for the treatment of the medical condition and/or not to have a beneficial effect on the health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature.

- Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)
- Well-conducted cohort studies from more than one institution. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

The Company has a process by which it compiles and reviews clinical evidence with respect to certain health services. From time to time, the Company issues medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice.

If the Insured has a life-threatening Injury or Sickness (one that is likely to cause death within one year of the request for treatment) the Company may, as it determines, consider an otherwise Unproven Service to be a Covered Medical Expense for that Injury or Sickness. Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

Usual and Customary Fee means the usual fee that a pharmacy charges individuals for a Prescription Drug Product without reference to reimbursement to the pharmacy by third parties. The Usual and Customary Fee includes a dispensing fee and any applicable sales tax.

Additional Exclusions

In addition to the Exclusions and Limitations shown in the Certificate of Coverage, the following Exclusions apply:

1. Coverage for Prescription Drug Products for the amount dispensed (days' supply or quantity limit) which exceeds the supply limit.
2. Coverage for Prescription Drug Products for the amount dispensed (days' supply or quantity limit) which is less than the minimum supply limit.
3. Experimental or Investigational Services or Unproven Services and medications; medications used for experimental indications and/or dosage regimens determined by the Company to be experimental, investigational or unproven.
4. Prescription Drug Products, including New Prescription Drug Products or new dosage forms, that the Company determines do not meet the definition of a Covered Medical Expense.

Section 22: Assistance and Evacuation Benefits

An Insured Person under this insurance plan is eligible for Assistance and Evacuation Benefits in addition to the underlying plan coverage. The requirements to receive these benefits are as follows:

International Students, insured spouse, and insured minor child(ren) are eligible to receive Assistance and Evacuation Benefits worldwide, except in their Home Country.

Domestic Students, insured spouse, and insured minor child(ren) are eligible for Assistance and Evacuation Benefits when 100 miles or more away from their campus address or 100 miles or more away from their permanent home address or while participating in a study abroad program.

DEFINITIONS

The following definitions apply to the Assistance and Evacuation Benefits described further below.

"Emergency Medical Event" means an event wherein an Insured Person's medical condition and situation are such that, in the opinion of the Company's affiliate or authorized vendor and the Insured Person's treating physician, the Insured Person requires urgent medical attention without which there would be a significant risk of death, or serious impairment and adequate medical treatment is not available at the Insured Person's initial medical facility.

"Home Country" means, with respect to an Insured Person, the country or territory as shown on the Insured Person's passport or the country or territory of which the Insured Person is a permanent resident.

"Host Country" means, with respect to an Insured Person, the country or territory the Insured Person is visiting or in which the Insured Person is living, which is not the Insured Person's Home Country.

"Physician Advisors" mean physicians retained by the Company's affiliate or authorized vendor for provision of consultative and advisory services to the Company's affiliate or authorized vendor, including the review and analysis of the medical care received by Insured Persons.

An Insured Person must notify the Company's affiliate or authorized vendor to obtain benefits for Medical Evacuation and Repatriation. If the Insured Person doesn't notify the Company's affiliate or authorized vendor, the Insured Person will be responsible for paying all charges and no benefits will be paid.

MEDICAL EVACUATION AND REPATRIATION BENEFITS

Emergency Medical Evacuation: If an Insured Person suffers a Sickness or Injury, experiences an Emergency Medical Event and adequate medical facilities are not available locally in the opinion of the *Medical Director* of the Company's affiliate or authorized vendor, the Company's affiliate or authorized vendor will provide an emergency medical evacuation

(under medical supervision if necessary) to the nearest facility capable of providing adequate care by whatever means is necessary. The Company will pay costs for arranging and providing for transportation and related medical services (including the cost of a medical escort if necessary) and medical supplies necessarily incurred in connection with the emergency medical evacuation.

Dispatch of Doctors/Specialists: If an Insured Person experiences an Emergency Medical Event and the Company's affiliate or authorized vendor determines that an Insured Person cannot be adequately assessed by telephone for possible medical evacuation from the initial medical facility or that the Insured Person cannot be moved and local treatment is unavailable, the Company's affiliate or authorized vendor will arrange to send an appropriate medical practitioner to the Insured Person's location when it deems it appropriate for medical management of a case. The Company will pay costs for transportation and expenses associated with dispatching a medical practitioner to an Insured Person's location, not including the costs of the medical practitioner's service.

Medical Repatriation: After an Insured Person receives initial treatment and stabilization for a Sickness or Injury, if the attending physician and the *Medical Director* of the Company's affiliate or authorized vendor determine that it is medically necessary, the Company's affiliate or authorized vendor will transport an Insured Person back to the Insured Person's permanent place of residence for further medical treatment or to recover. The Company will pay costs for arranging and providing for transportation and related medical services (including the cost of a medical escort if necessary) and medical supplies necessarily incurred in connection with the repatriation.

Transportation after Stabilization: If Medical Repatriation is not required following stabilization of the Insured Person's condition and discharge from the hospital, the Company's affiliate or authorized vendor will coordinate transportation to the Insured Person's point of origin, Home Country, or Host Country. The Company will pay costs for economy transportation (or upgraded transportation to match an Insured Person's originally booked travel arrangements) to the Insured Person's original point of origin, Home Country or Host Country.

Transportation to Join a Hospitalized Insured Person: If an Insured Person who is travelling alone is or will be hospitalized for more than three (3) days due to a Sickness or Injury, the Company's affiliate or authorized vendor will coordinate round-trip airfare for a person of the Insured Person's choice to join the Insured Person. The Company will pay costs for economy class round-trip airfare for a person to join the Insured Person.

Return of Minor Children: If an Insured Person's minor child(ren) age 18 or under are present but left unattended as a result of the Insured Person's Injury or Sickness, the Company's affiliate or authorized vendor will coordinate airfare to send them back to the Insured Person's Home Country. The Company's affiliate or authorized vendor will also arrange for the services, transportation expenses, and accommodations of a non-medical escort, if required as determined by the Company's affiliate or authorized vendor. The Company will pay costs for economy class one-way airfare for the minor children (or upgraded transportation to match the Insured Person's originally booked travel arrangement) and, if required, the cost of the services, transportation expenses, and accommodations of a non-medical escort to accompany the minor children back to the Insured Person's Home Country.

Repatriation of Mortal Remains: In the event of an Insured Person's death, the Company's affiliate or authorized vendor will assist in obtaining the necessary clearances for the Insured Person's cremation or the return of the Insured Person's mortal remains. The Company's affiliate or authorized vendor will coordinate the preparation and transportation of the Insured Person's mortal remains to the Insured Person's Home Country or place of primary residence, as it obtains the number of certified death certificates required by the Host Country and Home Country to release and receive the remains. The Company will pay costs for the certified death certificates required by the Home Country or Host Country to release the remains and expenses of the preparation and transportation of the Insured Person's mortal remains to the Insured Person's Home Country or place of primary residence.
