

A Member-Governed Consortium Built for Tomorrow

Each year, private higher education is threatened in new and unexpected ways. Emerging technologies. Social media disruptions. Shifting generational attitudes. Regulatory upheaval. Sure, you have insurance. But even if you can anticipate the next threat, being insured isn't the same as being prepared.

Managing today's risks demands a rare combination – both exposure to the changing world of private higher education, and the complexities of insurance industry expertise. EIIA brings these two together in a way truly unique to the market.

What makes us different? Our Members integrate their real-time experiences, collective wisdom, and formidable buying power with EIIA's insurance and risk management expertise. The result is a dynamic partnership, generating innovative, cost-effective solutions that protect against the threats of both today and tomorrow.

EIIA is a member-governed consortium of faith-inspired colleges, universities, and seminaries united around a shared mission — to protect the promise of private higher education for generations to come. Our history of service spans more than 50 years, starting with historically black institutions in the 60s, and continuing to tell a story of triumph in the face of change for over 150 institutions.

Change is inevitable. But you don't have to face it alone. Partnering. Preparing. Protecting. That's our formula. That's the value of EIIA.
